Result Is in Doubt: Charges Fly

PARTIES TO COUNT VOTE OF NATION IN COURTS

Close Vote Makes Anything
Less Than Most Careful Re-
view Unsatisfactory to the
Democrats or Republicans

RECOUNT IS ONLY
SOLUTION TO SITUATION

Remarkable Failure to Name
Choice by Clear Vote Causes
Unusual Situation in Nation
and Duplicates Blaine Year

NEW YORK, Nov. 9.—With five
states still in doubt the national com-
mittee of the Republican and
Democratic parties were unwilling
to concede here, this afternoon
that the opposing presidential candi-
date had received a sufficient number
of electoral votes to win.

Meanwhile it was indicated at both
headquarters that in states where the
vote was close a recount would be de-
manded.

Charles B. Warren, Republican na-
tional committeeman from Michigan,
after a conference with Chairman
Willcox, said:

The election depends upon the
count in California, Minnesota,
North Dakota, New Mexico and
New Hampshire. Oregon is safely
for Hughes, as is also West
Virginia.

WOULD INVESTIGATE

Chairman McCormick said he would
investigate reports that the Republi-
cans in Washington state may
one of the Democratic electoral votes
on the ground that votes cast for one
of the Democratic electors who died
were invalid. According to the re-
ports the name of E. M. Connor, the
Democratic elector who was sub-
stituted for A. Stream, the dead
elector, did not appear on the ballot
in many counties, and it was stated
the votes cast for Stream might be
valid, the difference giving a plurality
for one Republican elector.

George W. Perkins, at Republican
headquarters, declared New Mexico
and Minnesota border states were
toward Hughes and North Dakota
was sure. He asserted if these three
states were placed in the Hughes
column, the Republican candidate's
election was assured. Without Cal-
ifornia's thirteen electoral votes, the
Democratic candidate would not
properly carry.

DEMOCRATS CALL FRAUD.
Republican Chairman Willcox at
noon made this statement in regard
to the matter of supervising the
counting of votes in close states:
So far as the claims of the
Wilson followers go, they began to
cry fraud before the election. The
history of that party is such
that it is hardly surprising to raise
the cry of fraud at this time. The
Republican national committee
will insist that the votes cast for
him, but we want no votes not prop-
erly cast.

We will take every step to see
the votes cast are properly
counted. The bluster of the
Democratic leaders has no effect
on our effort to see that an
honest count shall be had.
Chairman McCormick said shortly
after 11 o'clock: "It's all over. We
have cleaned them up. We stood up
finishingly to our original figures—
Wilson by 288 electoral votes."

WYOMING.

CHEYENNE, Wyo., Nov. 9.—Returns
from all except a few scattering
precincts in Wyoming indicate the
election of Frank W. Mondell, Republi-
can, over John D. Clark, Republican
for Congress by a majority of 204.
With seven hundred "Maverick" votes
mailed in by absent voters which will
not be counted until the official can-
didas is made but are not expected to
overcome Mondell's lead. Kennedy, the
majority over C. D. Clark for the
United States Senate is 2838 and Wil-
son's majority 5617.

Berkeley Butcher Commits Suicide

BERKELEY, Nov. 9.—Heartbroken
because illness made it impossible for
him to follow his business, Richard
Monterichard, 78, for thirty years a
butcher, went back to the empty shop
in which he had spent the greater
portion of his life at Ninth street and
Friday afternoon, and some time yes-
terday afternoon hanged himself from
a rafter.

He was found today by George
Galen, owner of the property, in the
chamber of deputies late last night that
Olinaga had been evacuated by the Carranza
garrison commanded by Colonel Ruelas.
The advance of Villa troops in the ter-
ritory south of Olinaga was given as the
reason.

Democrats Will Demand Recount In New Hampshire

Despite Wilson's Lead State
Committee Ordered to
Take Steps.

NEW YORK, Nov. 9.—Henry
Morse, in charge of Democratic
headquarters this morning, said a
recount would be demanded for the
vote in New Hampshire. This, he
said, would be done in spite of the
figures received this morning showing
that Wilson had a lead of 93 votes.
He added that the Democratic figures
show that the Wilson lead was 500
votes, and that in view of the com-
plex situation in that state, a recount
in any event would be necessary.
Instructions to the Democratic
committee in New Hampshire to de-
mand the recount had already gone
forward, he said.

NEW YORK, Nov. 9.—"We don't
trust the Democrats any further than
they are said to have remarked they
would trust us," was George W. Per-
kins retort today when asked for
comment on the statement of Henry
Morse, Democratic finance
chairman, hinting at Republican
"counting out" of Democratic votes.
"We are taking just as many pre-
cautions as the Democrats," Perkins
said.

Perkins said his tabulation showed
267 electoral votes for Hughes—not
including California.
Perkins stated that returns early
today showed that Hughes would
carry New Mexico by 600. He de-
clared there no longer was any doubt
regarding New Mexico.

Federal Officers Will Investigate Minnesota Vote

Department Refuses to Discuss
Reason for Sending Oper-
atives Into State.

WASHINGTON, Nov. 9.—A large
force of department of justice in-
vestigators has been sent to Minne-
sota, it became known today.

Hinton G. Clabaugh, chief investi-
gator in the Chicago district, left yes-
terday with several others from that
city.

Department officials refused to
comment on the action taken.

DENVER, Nov. 9.—Justice Depart-
ment investigators from Washington, started
immediately for points in New Mex-
ico this afternoon.

Vote of Militia May Decide in Minnesota

ST. PAUL, Minn., Nov. 9.—With
215 Minnesota militiamen's votes
cast at noon, the border states were
to be counted before next Tuesday
the world may wait another week to
know who will be President of the
United States. If Minnesota is to be
given the privilege of deciding that
issue.

Six commissioners who took these
ballots to the border to be marked by
the militiamen are en route Sunday
to the border. They are due Sunday.
Both parties claim the militia vote.
Division of staff officers in recent po-
litical ventures is half and half.
In their telegram to the Secretary
of State, the commissioners said:
"Apparently the militiamen's votes
were cast for Wilson by the state
troops." If this proved correct Hughes
would have a plurality of slightly
more than 700 votes in the border
poll.

Hughes bettered his lead by ap-
proximately 100 votes in the last re-
ports, the count being: Wilson,
173,865; Hughes, 174,463.

Democrats Claim to Have State by 500

SAN FRANCISCO, Nov. 9.—Louis
Moser, member of the Democratic
state committee and vice-chairman of
the speakers' committee of the
national Democratic committee, today
issued the following statement in be-
half of O. K. Cushing, chairman of the
Democratic state committee:
We have the State. We are
absolutely positive. Mr. Cushing
is checking up my figures, made
throughout the night, and so far
has found them correct. Those
figures show we have the State.
Conceding that Los Angeles
county gives Hughes a 22,000
lead, we would still carry Califor-
nia for Wilson by at least 600
votes.

Humboldt County BUREKA, Nov. 9.—Sixty-seven out of eighty precincts in Humboldt county give Hughes 5348, Wilson 3897. Missing precincts cast a very small vote.

SAN DIEGO COUNTY.

SAN DIEGO, Nov. 9.—San Diego
city and county complete: Hughes,
16,894; Wilson, 16,784. On amend-
ments, city by county complete: No.
1, yes, 18,975; no, 16,062; No. 2, yes,
17,378; no, 15,437.

Steamer Suffolk Coast Is Sunk

LONDON, Nov. 9.—The steamer

DELAY OF SUPERVISORS AROUSSES IRE

Public Welfare Commission
Hints at Resignation if the
Hospital Recommendation Is
Disregarded by the Board

New Survey and New Value Is
Now Asked by County Body
After Sharp Session, in
Which Subject Is Discussed

There was war at the meeting of
the Supervisors today when members
of the Public Welfare Commission
took the supervisors to task for ne-
glecting to take action on their
recommendation that the California
College site in East Oakland be pur-
chased as the county hospital site.
Various members of the commission
talked to the board with some asperity
and the whole thing ended in the
board's agreement to again ask the
public body to make a thorough in-
vestigation of all sites that have been
offered.

"Why should we waste our time in
this matter if the supervisors ignore
our recommendations?" Mrs. Dunne,
McDuffie asked D. J. Murphy, chair-
man of the supervisory board.
"I'll not vote to purchase a site that
is held at two times its value,"
Murphy answered. "I have learned,
also, from six different engineers that
it will cost at least \$25,000 to pre-
pare the college site for a building."
Superintendent J. E. Foss, said the
election for \$150,000 or \$200,000.
Supervisor Heyer announced, "At
this time we should ask the people
to vote on the question of sites. We
will submit five, say, to be voted
upon."

NOT FOR BOND.

"I'll not vote for a bond election,"
Fred W. Ross said. "It would cost
the county half a million more than
if we built the hospital with money
gotten through direct taxation."

I agree with Supervisor Foss,"
said J. E. Foss. "I don't want a bond
issue. I am ready to vote on this
question right now. I would vote to
purchase the college site, even at the
price at which it is held."

The California College site has been
offered the county for \$25,000. A
board of real estate men has declared
it to be worth but \$4,000. The col-
lege commission, at the request of the
supervisors, investigated all the sites
offered the county and rejected all but
the California College property, rec-
ommending that this be purchased
as the county hospital site.

The supervisors took no
action on the report. In fact, the hos-
pital matter has been practically at a
standstill for several weeks.
So, the supervisors, when they
members were asked by the super-
visors to discuss the question anew,
started the discussion in a belligerent
manner.

"Let me suggest," Mrs. McDuffie
said, "that if the supervisors again
wish our assistance, you write us a
letter submitting the matter to us."

This suggestion was accepted only
after considerable argument had
taken place, and the hospital matter
was again delayed. It was agreed
that all the sites would be again in-
vestigated, and the welfare commis-
sion will make more recommenda-
tions, whereupon the real estate
board appraisers will be asked to
set valuations upon the sites decided
upon.

The Steam Engineers' Union, Local
507, submitted a resolution to the
board, indorsing the Gill site of five
acres at Linden and Twenty-eighth
streets. It was filed.

Adamson Bill Is Halted by Injunction

KANSAS CITY, Nov. 9.—A petition en-
joining the federal district attorney "and
labor leaders" from putting the Adamson
eight-hour bill into effect was filed in
the federal district court of Kansas City,
Kans., late today in the name of the
Atchison, Topeka and Santa Fe railway.
OINAGA DESERTED

Ojinaga Deserted As Villistas Approach

SAN ANTONIO, Texas, Nov. 9.—A re-
port reached General Funston's head-
quarters late last night that Ojinaga
had been evacuated by the Carranza
garrison commanded by Colonel Ruelas.
The advance of Villa troops in the ter-
ritory south of Ojinaga was given as the
reason.

Big Sum Subscribed to New French Loan

PARIS, Nov. 9.—Minister of
Finance Ribot announced in the
chamber of deputies today \$2,270,
000,000 had been subscribed to the
last loan. Of this, more than 60 per
cent is new money.

DEATH ROBE ENDS LIFE OF U.C. STUDENT

Fine Copper Wire Woven Into
Fabric of Bath Garment Is
Cause of One of Queerest of
Deaths in State's History

POLICE OF Berkeley and Guard-
ian of Lad Impressed With
the Idea of Accident Rather
Than That of Suicide Case

BERKELEY, Nov. 9.—After con-
structing a crude "electric chair" out
of a bathrobe into which he wove
fine copper wire, Everett Gilbert
Morgan, son of Thomas E. Morgan,
1516 Frank street, Oakland, a junior
student in the University of Califor-
nia, connected his death garment to the
electric light circuit and turned on
the current in his room at 1545
Leroy avenue today.

The dead body was found on the
bed with the current still on and the
bathrobe smoking from the heat.
The young man, who was only 21
years of age, had apparently been
dead for an hour or more. He was
found by Dr. E. C. Van Dyke, who
lives at the same address, for whom
he has been doing some clerical work.

Last night young Morgan returned
from San Francisco at a late hour.
He had been engaged in election
work, and Dr. Van Dyke, when he
left on his round of calls, did not
disturb him. He returned shortly
after noon today. As he stepped inside
the house, the telephone bell rang and
someone asked for Morgan.

Dr. Van Dyke knocked on his door
and receiving no response, opened the
door and stepped inside. He found
Morgan, clad only in his underwear
and the dead bathrobe, already
electrocuted. Dr. Van Dyke sum-
moned the police and coroner's office
and an examination was made of the
body. It is the opinion of both the
police and Dr. Van Dyke, who says
that young Morgan made him a con-
fident, that his death was not the
result of suicide, but accident.

Morgan had been a sufferer from
rheumatism for some time, and it is
the police theory that he returned last
night, cold and tired, and turned
the current into his bathrobe, either
in an effort to get warm or to treat his
trouble, and electrocuted himself. His
death is one of the most peculiar in
the history of the state.

Among young Morgan's possessions
were several letters from "Myrtle" in
Los Angeles.

President Asks About All Doubtful States

LONG BRANCH, N. J., Nov.
9.—President Wilson got up
shortly before 8 o'clock this
morning to hear again that the
outcome of Tuesday's election was
not yet certain. Wilson's first
questions had to do with Califor-
nia, Minnesota and New Mexico
and North Dakota.

It was taken for granted among
officials here that there would be
several of the very close states, and it was believed
that weeks, might pass before
questions involved are settled.

Declining to Comment, Hughes Goes Motoring

NEW YORK, Nov. 9.—After studying
the election return for two hours this
morning Charles E. Hughes went motoring
shortly after 11 o'clock. Mrs. Hughes
accompanied him. The nominee declined
to comment on the returns.

Mexican Foemen in Clash at Monterey

LAREDO, Tex., Nov. 9.—Severe
fighting between Carranza forces and
Villa troops, in which the latter
were victorious, is reported by per-
sons reaching the border from Mon-
terey. The body of General For-
tunato Maycote, Carranza general, is
said to have been brought to Mon-
terey.

Socialist Mayor Is Minneapolis Choice

MINNEAPOLIS, Nov. 9.—Thomas
Van Lear, who was endorsed and re-
ceived the support of the Socialist
party, was elected mayor of Minneap-
olis over Otto C. Langum by a major-
ity of approximately 3000 votes, ac-
cording to complete returns.

FORFEIT BAIL.
Five hundred dollars in bail was
forfeited in the police court this
morning by five Chinese, who were
charged with selling lottery tickets.
Five similar cases still on the calen-
dar were set for trial on November 16.

Vote of Close States Keeps Up Great Tension

Figures on Which Leaders of
Either Party Base Hope
Change Hourly.

NEW YORK, Nov. 9.—Clar-
ence M. Lynch, Democratic state
chairman of Minnesota, tele-
graphed to Chairman McCormick
shortly before 5 o'clock the
count of North Dakota was com-
plete and that Wilson had car-
ried that state by 324 votes. He
added that Minnesota would go
for Wilson by 500 votes.

NEW YORK, Nov. 9.—The
Republican national committee
this afternoon posted on its bul-
letin board the statement that
by unofficial complete returns
from New Hampshire, the State
had gone to Wilson by 171
votes.

CONCORD, N. H., Nov. 9.—
New Hampshire complete but
only partially certified to the
secretary of state gives Hughes
43,732; Wilson 43,849. Wilson's
plurality 117.

ALBUQUERQUE, N. M., Nov.
9.—Returns from 411 of 638
precincts in New Mexico give
Wilson 22,448; Hughes 22,363.

ST. PAUL, Nov. 9.—Charles
E. Hughes was holding his slight
lead over President Wilson in
Minnesota when returns from
2890 precincts out of 3024 in the
State had been compiled, the
count standing: Wilson 174,
909; Hughes, 175,858.

Democratic National Commit-
teeman Lynch positively claims
Minnesota for Wilson by 1000.
Republican State Chairman
Thornton claims the State for
Hughes by 3000. He says he has
heard from all but 200 precincts

PORTLAND, Or., Nov. 9.—
Democratic headquarters con-
ceded Oregon to Hughes this
afternoon by 2500 votes. Three
Republican congressmen have
been re-elected.

California's Vote Causes Suspicion On Part of Chiefs

Why Hughes' Total Is Behind
That of Johnson, Pledged to
Manage Campaign Here,
Puzzling to National Leaders

SAN FRANCISCO, Nov. 9.—Five thousand
six hundred and seventy-six precincts out of 5,
870 gave Hughes 458,154, Wilson 460,075.

This was a jump of more than 1000 for Wil-
son, most of which came from Siskiyou, a coun-
ty in the Sierras scarcely represented in previ-
ous returns.

NEW YORK, Nov. 9.—At Republican national headquarters it
was admitted late today that the result hinges on California.
As that State goes, so goes the nation. The apparent outcome
in California is most puzzling to national Republican leaders,
who are now in the city and is causing much discussion.

They are trying to figure out how the State could be carried
by Governor Johnson with a plurality of approximately 250,000
and be lost to Hughes; this particularly in view of the fact that
Governor Johnson was in complete control of the Republican
State Central Committee and of the various county committees
of the State. Relying upon assurances from Chairman Chester
H. Rowell of the Republican State Central Committee, the national
committee left the California campaign wholly in the hands of the
Johnson organization.

SIGNIFICANT FEATURE

It is regarded as significant that Wilson should possibly carry
the State, and the Democratic candidate for United States Sena-
tor, announcing that he stood for the Wilson policies, should fall
so far behind the vote for the head of the Democratic ticket.

At Democratic national headquarters the California result is
the cause of unfeigned jubilation. While there is faint expres-
sion of regret that Patton lost, Democratic leaders claim that
they have assurances from reliable sources that Governor John-
son will not assume a hostile attitude to Wilson policies in the
Senate.

ALL PRECEDENT VIOLATED

In Ohio, which has gone Democratic, the Democratic nominee
for United States Senator ran close to the head of the ticket, and
this has been true in all other States except California.

Kansas, however, presents a somewhat similar situation to
that in California, it is pointed out. In that State, Governor
Arthur Capper, Progressive leader and Republican nominee, has
been re-elected by about 100,000 majority, while the State has
gone for Wilson by 50,000.

It is openly charged here that there has been treachery of the
worst sort in California and Kansas.

Prohibition Amendments Both Appear Defeated

SAN FRANCISCO, Nov. 9.—Early today the count on amend-
ments No. 1 and 2 shows that No. 1 was beaten by 127,988 and
No. 2 by 89,068.

It is not probable that these relative positions will be changed,
and it may be stated with some degree of positiveness that No. 1
has been defeated by fully 130,000 or more. No. 2 found more
supporters than No. 1, but with the majority of the interior vote
counted, the figures are 354,687 for, and 443,755 against, leaving
it 89,068 behind in the figures totaled up early this morning.

Hughes Vote Even Throughout County

Alameda county cast 103,800 votes out
of a registration of 133,000, the greatest
vote in the history of the county.
The Republican and Democratic vote
in the different cities and the county
precincts follows:
Oakland—Hughes 25,781, Wilson 25,599.
Berkeley—Hughes 10,065, Wilson 8,768.
Alameda—Hughes 5,128, Wilson 4,768.
Piedmont—Hughes 939, Wilson 352.
San Leandro—Hughes 678, Wilson 509.
Outside precincts—Hughes 4,096, Wil-
son 3,267.

WASHINGTON.
SEATTLE, Nov. 9.—Returns from
2009 precincts of 2385 in Washington
give Hughes 137,436; Wilson, 147,938.

SAN JOSE WATCHES ELECTION RETURNS

Local Results Offer Surprise to Few, As Situation Was Known.

SAN JOSE, Nov. 9.—Business throughout the city was virtually paralyzed yesterday while the citizens of the business, labor and leisure world watched the various newspaper bulletins with feverish anxiety.

In the local field there was generally satisfaction over the result with very few exceptions. As those in close touch with the county situation had estimated the result in about the manner that the counting of the votes showed, a majority of close to 10,000 for E. A. Hayes as representative from the Eighth district was in a measure a surprise on account of the size of the plurality. The state senatorial contest, in the twenty-seventh district likewise presented some elements of surprise, for while it was quite generally known that Chauncey Trumbull had made a very active campaign, it was not expected that he would run as close to Frank H. Benson as he did. The contest for Assembly in the Forty-fourth district was not much of a surprise to either Republicans or Democrats, as it was quite generally felt that T. V. Brown, having the Republican nomination, would be successful. But in this instance, that of Congressman, the size of the plurality, more than 2000 had not been predicted.

SIR, A WORM DIGGER COMES INTO COURT

Magistrate Nurses and Is Kind to Dignified Defendant.

NEW YORK, Nov. 9.—Frank Miles, thirty-eight years old, of No. 44 Purdy street, Long Island City, was arraigned before Magistrate Miller yesterday, and charged by his wife with disorderly conduct.

"What is your occupation?" inquired the Magistrate.

"I am a digger of worms, Your Honor," and Miles folded his arms and leaned back in a dignified attitude.

"A worm digger?" said the Magistrate quickly.

"Yes," ventured Mrs. Miles, "he digs worms for the market and makes as high as \$2.50 and \$3 a day."

The Magistrate suspended sentence.

Mr. Lamb Is Some Snake Nimrod

BLUEWATER, N. M., Nov. 11.—In a recent issue of the Blade it is noted that the famous rattlesnake catcher attacks them with a stick and a knife, then by the use of their necks in his fingers. "We wonder how he would like to hold some of the big fellows that grow in Bluewater Valley in that snake hole."

A few weeks ago, while hunting for his home, "The Snake" saw a large snake which he killed with a stick. He then took the stick over its neck and was dragging it down to show to the boys at the time when he met another which he also killed. When he was 6 feet 6 inches long, 10 inches around the body, weighed 15 pounds and had eight rattles. The snake was six inches shorter and had eight rattles. "He considered that a pretty good day's hunt."

The limestone cliffs in this country are infested with these reptiles, some of which are thought to be the largest in the world.

Many times they are found in great numbers together. Mr. Lamb, this place, while excavating for the foundation of a lime kiln, dug into a den of rattlers. The first day there he killed 14, and two or three a day afterward for several days. There are many varieties from the little black fellows to the black diamond.

"Tell those snake catchers that if they want to get some big ones to come to Bluewater, this is the place of the creature of big rattlers, and his posterity is vigorous and numerous."

Lone Auto Stirs Up Town; Horn Glastly

BRUNSWICK, Ga., Nov. 9.—An automobile standing in front of the residence of J. B. Wright on Union street created consternation and a small-sized sensation for a few minutes. The car was a new, standing motionless and empty, when all of a sudden the raucous tones of its electric horn rent the air in a continuous shriek. Passers-by jumped, looked, then jumped again.

Some small darkies approached, looked, and precipitately fled. Heads appeared at neighboring doors and windows, with many exclamations of "What's that?" to find that there was no jaunty jockeyman at the wheel.

After a few minutes of waiting and gnashing of teeth, the young lady owner ran out from the house, gave the car a shake and broke the short circuit in the horn connection.

Governor Proves to Be Lively "Sender"

MILWAUKEE, Wis., Nov. 9.—When the newspapermen who are accompanying Governor P. F. Phillips on his campaign trip reached a small town in the northern part of Wisconsin last night the telephone operator, an aged man, threw up his hands. He said he didn't know whether he would be able to get their "stories" off in time for the morning editions.

The governor, who formerly was an operator, took off his coat, lifted a fresh cigar and sat down at the key. After the last article had been sent—and they all went in record time—the governor sat back and laughed.

"It reminds me of the old days," he said.

Bert Should Be More Careful With Wallops

MERIDALE, N. Y., Nov. 11.—This quiet and orderly village nearly had a tragedy a night or two ago, but there is what happened. When Bert Fuller came home at a late hour and found a prowler in the garden, snooping along the ground and with a lantern, he once determined to punish the mysterious intruder, come what may. Bert stealthily crawled around to the side of the garden and searched for a cobblestone or cudgel, or any old thing that would serve as a missile that would do effective execution. What he selected was a 2x4 stick of wood. With this he sneaked up the garden and, with a firm grip on the figure, brought the board down with full force on the prowler's rear expansion.

The result was precisely what might have been expected. The recipient of the broadside plopped ahead into the garden soil, rolled over and fell out a yell that awakened quite a number of the neighbors. Then the discovery was made that the prowler was none other than a male member of Bert's own household—a man who was looking for "night walkers" to be used as fishing bait, but not for any night walker armed with a big 2x4 stick.

TOBACCO STAKE IN DEATH GAMBLE

Thrilling Adventure on the Ice Floes of Frozen North.

BOSTON, Mass., Nov. 9.—A grim game with death—the stake, a nip of tobacco. "Never was there a stranger Polar dash than this that a Lynn man made to satisfy his craving for a smoke. And it all occurred in the Chukot relief expedition, seeking MacMillan."

The story was told in an Eskimo hut, broken only by a treacherous 7-mile-wide glacier, lay between. The thermometer registered 60 degrees below. He took the chance and played with death.

Just one of the gripping yarns that Melrose Cotton tells is this—fully as gripping as the eternal cold of the region from which he returned recently.

"It was at Parker Snow Bay that the incident of the tobacco occurred," Cotton said. "You smoke, eh? Well, you know how it feels when you're off in camp somewhere and discover you're out of tobacco. Seems like unbearable torture to wait until the following morning. 'That's how a sailor man named Taylor, whom we picked up at Sydney, felt only a thousand times worse—when he found that he had smoked up his whole allotment of tobacco. And he thought himself the luckiest man in the world when accounts told him that an Eskimo settlement some twenty miles away there was tobacco to be bought."

PREPARED FOR THE TRIP.

"So he persuaded Second Mate Norman, who had been from Lynn, to make the trip with him. Down here now it seems as though it were the limit of foolishness, but up there you look at things in a different light."

Dressed in the polar bearskin trousers and moccasins, seal skin coats and blue fox tail hats we all wore, they were prepared for the 60 degrees below temperature outside. And all went well until they struck a seven-mile glacier that lay across their route.

"You can never tell when the cold will get you up there—even the best fitted man succumbs to it after a short period of exposure. Half way across the glacier Norman was gripped by it. His arms, his face and his hands became numb, in vain Taylor tried to restore circulation. 'Luckily Taylor didn't lose his head. Half dragging and half bending his frozen companion, the Sydney man started back toward the ship. The cold had grown more intense all the while. The staggering pair reached the edge of the glacier. Now Taylor could go no farther. He, too, succumbed to the cold."

RACE FOR LIFE.

"Here it was that Norman dropped and his heavy weight was too much for the tired Taylor to drag farther. So the Sydney man made the mate as comfortable as he could and set out for the ship. 'And he ran. Talk about your Marathons! Taylor fairly flew over the ice and the snow. Never flatterer he slipped and slid over wide stretches of ice as fast as a glass. The moccasined feet broke through the web of the snowshoes and every pace left a mark of blood upon the snow as he ran down and over the rolling plain."

"For two whole hours he ran, and at 8 o'clock that night he clambered up the ladder of the ship barely able to tell his story. It was the work of a minute to get the entire crew together and they started out with lanterns and sleds."

Three hours later First Mate Davis found Norman within a foot of a seven-foot-five-foot cliff to which he had descended in the delirium. So stiff was Norman that he hallooed down to Doctor Hunt and myself that the mate was dead. BACK TO LIFE.

"Davis tied a rope around Norman's body and down into the pitchy black darkness of the side of the cliff he towed the supposed dead man. Doctor Hunt and I were waiting below and Norman was put on a sled."

"We got him back to the ship at 1 o'clock the following morning. The whole crew worked over him in relays. It was mighty serious business, for we all loved Norman, but you can imagine the relaxation that followed in a regular gale of laughter when the mate came to and muttered:

"'Did I get the tobacco?'"

"And next day an Eskimo rubbed it into Norman when he casually remarked, in the nearest that the Eskimo language can express, 'It's a very mild winter.'"

Manicure Girl Bride of Former President

NEW YORK, Nov. 9.—Francisco Carvajal, former provisional president of Mexico, and the last year an international lawyer with offices here, has secretly married Miss Louise Martin, 20 years old, a manicure girl in a local hotel.

The romance dates back a year, to the time when Carvajal had his nails manicured in the hotel barbershop. Carvajal is reported to be a millionaire and maintains residences both here and in Pass Christian, Miss.

GERMANY WANTS PEACE TO LAST

Fatherland Ready to Work for International Union at End of War.

BERLIN (via Snyville), Nov. 9.—Chancellor von Bethmann-Hollweg, addressing the Reichstag's main committee today, delivered an important speech on the question of an international union for peace and with it the question of the origin of the present war. Toward such a union he declared Germany would cooperate.

The chancellor replied to the recent interview of Lord Grey with the foreign newspaper men in which Grey declared the origin of the present war must influence peace conditions and that Germany would be entitled to ask for guarantees against future attacks if the present war were really forced upon her. Lord Grey added that Germany's interpretation of the war's origin was incorrect and that the war was not forced upon Germany, but forced by Germany upon Europe.

The chancellor declared, however, that Grey, by giving these explanations now, holds the same opinion Germany always did as to the importance of the war's origin.

"The action which made the war unavoidable was the Russian mobilization during the night of July 30 to 31," said the chancellor.

"Russia, England and France and the whole world knew this step made it impossible for us waiting any longer."

HELD TO ANSWER.

Martin Benson, 745 Tenth street, was held to answer this morning by Police Judge George Samuels under \$1000 bail on a charge of failure to provide. The complaint was sworn out by his wife, who alleged that he had neglected to provide food and clothing for her and their children.

ELECTION IS WATCHED BY LONDONERS

British Take Keen Interest As Results From U. S. Arrive: Wilson Assailed in Editorials in Papers; Feeling Is High

Extras Are Issued As Returns Come in; Tickers Scanned by Crowds and Hotel Lobbies Crowded As News Arrives

LONDON, Nov. 9.—London was almost as much wrought up over the Presidential election, as the United States today. An unusual popular interest was shown when returns completely turned about over night. No American election has ever aroused such widespread interest as has this Hughes-Wilson fight.

There were crowds about all the tickers in all the clubs and hotels here. Calls for information in person and by telephone at American newspaper offices were uncountable.

The newspapers got out almost as many extra editions as some of the American papers must have run off their presses. These editions were eagerly bought up and scanned for details.

Wherever there were crowds there was betting, with the odds slightly favoring Wilson.

EDITORIAL COMMENT.—Accepting a bulletin sent here from New York last night by Reuters' announcing Hughes had been elected President, London papers today published long editorials commenting on the election.

All the pre-election restraint which had been rigorously observed by all the papers was cast off. Some of the editorials not only congratulated the victor but also congratulated Governor Hughes, but they were also in some instances bitterly denunciatory of President Wilson.

"The whole world outside the United States rejoices in the (Wilson's) defeat," said the Evening Standard. "Now the belligerents know what the United States will say or do under Mr. Hughes and diplomatic notes will become something more than raw material for humorous papers."

"Great Britain can unreservedly congratulate Americans, and especially Colonel Roosevelt, on Hughes' election. Roosevelt stood up boldly for the allied cause. It is understood he will get an important post," said the Evening News. "Americans feel that their honor is in safe hands."

GERMANS SCORED.—"German spite and hatred have been President Wilson's regard for his long-suffering, well-intentioned attitude toward the central powers," said the Pall Mall Gazette. "The new President is committed to nothing beyond the vindication of American rights wherever assailed or imperiled."

Following continuous returns reported by Wilson, gains the Evening Standard and Pall Mall Gazette made over their editorial pages, inserting editorials with carefully guarded statements, but retaining the views expressed.

"The election of Mr. Hughes is the American people's affair, not ours," said the Evening Star, "and the less we say the better. One thing is sure, the Germans won't lose a minute claiming Wilson's defeat as a German victory. The only dignified, sensible attitude for the allies to take is one of sympathetic curiosity, mingled with the fact that Hughes will be true to himself."

Montana Joins List of States Gone Dry

HELENA, Mont., Nov. 9.—Returns that come in slowly from isolated districts do not change the general result in Montana, which has been carried by Wilson by from 20,000 to 25,000 majority. United States Senator Henry L. Myers is elected by 10,000. Congressman John M. Evans, Democrat, is re-elected and Harry E. Mitchell, Democrat, is leading Miss Jeanette Rankin, Republican, for Congress, but by a slender majority. The Democrats had elected all but three state officials and Montana has gone dry by a substantial vote.

Sam V. Stewart, Democrat, is re-elected governor over Frank J. Edwards by from 5000 to 7000 majority.

M'CORMICK SURE WILSON IS SAFE

Dem. Committeeman Has a Sneering Answer for Willcox.

NEW YORK, Nov. 9.—Democratic National Chairman McCormick gave out the following statement in reply to one issued today by Republican National Chairman Willcox:

President Wilson is re-elected and Mr. Willcox shows that he is aware of that fact. His wall in reply to the charge of some imaginary person that some one expects Mr. Hughes or his manager will try to secure the election through fraud is worthy of the best traditions of the Republican party.

The public has had a chance to judge the conduct of the campaigns of the two candidates and I am perfectly willing to let the people decide which side will resort to desperate methods.

Control of House Is Hanging in Balance

NEW YORK, Nov. 9.—Although the Democrats are assured control of the Senate by a working majority, control of the House was still in doubt at an early hour today. The Democrats had made slight gains, however, in the late returns in Montana and Kansas. At 1 o'clock 208 Democrats, 193 Republicans, two Progressives, one Socialist and one independent had been elected, with twenty-five congressional districts yet to be heard from.

BERKELEY CARRIES STREET CAR PLAN

Indeterminate Franchise Gets Majority of 421 When All Precincts Are In.

With final count from Berkeley in the indeterminate franchise amendment, shown to have carried in all of the cities served by the street railroad system, Oakland and Alameda gave the proposition a heavy vote. Last night it was evident that the count in Berkeley would be close, but as the checking progressed the "yes" vote increased.

Berkeley's 11 precincts, the only ones not heretofore published, gave for the franchise 7340 and against it 6919, making a majority of 421.

Prohibition Wins in South Dakota

SIOUX FALLS, S. D., Nov. 9.—With 1024 precincts out of 1728 in, the vote stands: Hughes, 46,611; Wilson, 42,136.

Prohibition wins by 7000; suffrage is still in doubt, but seems likely to lose.

Miss Rankin May Win in Montana

HELENA, Mont., Nov. 9.—The State Republican central committee, upon verified and fuller figures from the state today, claim the election of Miss Jeanette Rankin to Congress and the entire state ticket excepting governor and possibly lieutenant-governor.

LEA WINS OUT IN CONGRESS FIGHT

California Delegation Will Include Six G. O. P. Members.

The latest returns at midnight in the Congressional districts showed that Clarence B. Lea, district attorney of Sonoma county, Democratic nominee for Congress in the Fifth district, had a safe lead over Hart, his Republican opponent. Lea had 29,002, Hart 26,715.

In the fight in the Seventh district Robert C. Harbison, editor of the San Bernardino Sun, the Republican nominee, conceded the election of William Kettner, Democratic, the incumbent, by over 2000 votes.

The winners in the Congressional districts and latest reported returns in the districts in which there were contests are as follows:

FIRST DISTRICT.

Lea, Democrat 23,902
Hart, Republican 20,715

SECOND DISTRICT.

Baker, Democrat 19,940
Matlock, Republican 8,833

THIRD DISTRICT.

Curry, Republican 40,568
Kennedy, Democrat 12,529

FOURTH DISTRICT.

Julius Kahn, Republican, re-elected.

FIFTH DISTRICT.

John I. Nolan, Republican, Democrat, re-elected.

SIXTH DISTRICT.

Elston, Republican, Progressive 51,432
Whitney, Democrat 18,923

SEVENTH DISTRICT.

Church, Democrat 33,943
Phillips, Republican 24,572

EIGHTH DISTRICT.

Hayes, Republican, Democrat 45,554
Walker, Progressive 15,703

NINTH DISTRICT.

Charles H. Randall, Republican, Democrat, Progressive (Short Term) 51,432
H. Stanley Benedict, Progressive 18,923

TENTH DISTRICT (Regular Term)

Henry Z. Kennedy, Republican, Democrat, re-elected.

ELEVENTH DISTRICT.

William Kettner, Democrat, re-elected.

Wilson and Drys Are Winners in Nebraska

OMAHA, Neb., Nov. 9.—Returns from Tuesday's election give President Wilson Nebraska by an estimated plurality of 30,000. Fifty per cent of the vote, the same scattered counties and precincts have been counted and President Wilson's lead is 26,608. Republican leaders concede the state to the President. Democrats claim his majority will be 35,000. Returns from 300 precincts, including incomplete returns from twenty-nine counties of the ninety-six in the state give:

Wilson, 99,939; Hughes, 72,487. These figures include Douglas county (Omaha) and partial returns from Lancaster county (Lincoln).

Gilbert M. Hitchcock, candidate for election to the United States senate, leads John L. Kennedy, his Republican opponent, by 6000, with half the state heard from. Republican leaders do not concede Kennedy's defeat. Hitchcock claims election by 10,000 votes.

The lead of Keith Neville, Democratic candidate for governor, over A. L. Sutton, Republican candidate, whose campaign was conducted chiefly on the prohibition issue, was less than 500, but increasing with belated returns.

It is now established that the prohibition amendment carried by at least 25,000.

Parisians Take Keen Interest in Election

PARIS, Nov. 8.—The American election is being followed with the deepest interest, the news having the place of honor in most morning papers. The commentators, mindful of the dramatic surprise of yesterday when the supposedly certain Hughes victory was turned into a possible defeat are reluctant to commit themselves.

The majority of the comment is similar to that of Stenot Michon in the Petit Journal, who expresses the belief that the victory of either candidate will have little effect on American policy as far as the big questions of interest to France are concerned. It is also pointed out that the present administration will remain in power in any event until March 4 and that many things may happen between now and then.

The Matin remarks that while a victory for Mr. Hughes might mean a more vigorous international policy it would also mean a protectionist regime. The Matin comments that this change, while unimportant in time of war might be awkward for French business interests on the return of peace.

Figures As They Stand Give Wilson 251 to 243

NEW YORK, Nov. 9.—If the result of the complete returns of yesterday's balloting are accepted as final in all but five states at noon today, the electoral vote would give President Wilson 251 and Hughes 243.

The five doubtful states with their electoral votes are:

California, 13.
Minnesota, 12.
New Mexico, 3.
North Dakota, 5.
New Hampshire, 4.

The sudden switch of New Hampshire from a small Hughes plurality to 38 votes for President Wilson was the dramatic change in the situation in this forenoon. The official count is still progressing.

In Minnesota and New Mexico the incomplete returns show Hughes to have the lead, while in California and North Dakota Wilson is leading.

The returns from doubtful western states are belated and not expected to be available before a late hour today.

Hughes Continues to Hold Lead in Oregon

PORTLAND, Ore., Nov. 9.—Returns representing approximately 93 per cent of the vote of the state of Oregon, tabulated up to an early hour today, showed a lead for Hughes for President of 6272 votes. The returns included figures from every county except Harney. It was estimated that the missing precincts would not materially affect the result. The figures were: Hughes, 105,898; Wilson, 99,626.

Hughes' plurality appeared to be about evenly divided as between Multnomah county (Portland) and the state at large. All Republican nominees for state officers were elected and all three Republican representatives in Congress were re-elected.

Argentine Wheat to Come to United States

GALVESTON, Nov. 9.—Large imports of wheat from Argentina through Galveston have been arranged, according to reliable information here. The first full cargo from the Platte is scheduled to arrive within a few days with several other steamers to follow immediately.

Columbia Records of a Symphony Orchestra!

THE first recordings of the Chicago Symphony Orchestra, especially the recording of Grieg's exquisite "Spring", are transcendent triumphs of tone-reproduction, achievements never before thought possible.

Listen to them, or to the Ballet Series recorded under the personal direction of Ansermet, conductor of Diaghileff's Russian Ballet Orchestra, and you will know what miracles Columbia has accomplished in the field of orchestral recording.

Mother-Made, Quick Acting Cough Syrup

Should be Kept Handy in Every Home—Easily Prepared and Costs Little.

Mother, you'll never know what you are missing until you make up this inexpensive, quick-acting cough syrup and try it. Children love its pleasant taste and nothing else will loosen a cough or chest cold and heal the inflamed or swollen throat membranes with such ease and promptness. It's really as good for grown-ups as for children.

This splendid cough syrup is made by pouring 2½ ounces of Pinex (50 cents worth), into a pint bottle and filling the bottle with plain granulated sugar syrup. This gives you a full pint—a family supply—of much better cough remedy than you could buy ready-made for \$2.50—a clear saving of \$2.

The moment it touches the inflamed, cold-congested membranes that line the throat and air-passages, the healing begins, the phlegm loosens, soreness leaves, cough spasms lessen and soon disappear altogether, thus ending a cough quicker than you ever thought possible. Honors and ordinary coughs are conquered by it in 24 hours or less. Excellent for bronchitis, whooping cough, spasmodic croup, bronchial asthma or winter coughs.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with guaiaecol and is famous the world over for its quick healing effect on the membranes.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

GIRL TIES TO DEATH FOR JAPANESE

Stella Fister, 22, Shoots Self in Attempt to End Her Life Because Nippon Youth Had Won Heart; Absented Self

Three Bullet Wounds Hint at Attempt to Cover Up Tragedy While Girl Refuses to Tell Police Name of Her Lover

Confessing her infatuation for a Japanese who, she believed, was soon to leave her, Stella Fister, daughter of Mrs. Anna Morgan, manager of a rooming house at 506 Webster street, shot herself in the left breast this morning and is in a dying condition at the East Bay Sanitarium.

When questioned by Police Inspectors S. C. Hodgkins and Thomas Wood as she lay on the operating table in the Emergency hospital, she told the story of her love for a Japanese whose name she refused to make known. The police think the girl slightly mentally unbalanced, as she told them that she feared the Japanese would kill her mother.

The shooting occurred in the girl's room. She dressed herself in her best gown, a thing of silk and lace, and laid on the bed, arranging her clothes carefully about her. She then shot herself. Her brother ran into the room and the police were notified. Miss Fister was removed to the Emergency hospital in the police ambulance.

A strange feature of the case is that there are three bullet wounds in the girl's body, although she says she shot herself but once. The revolver which she used was examined and showed but one cartridge exploded. One of the wounds in the back and marks the spot where the bullet left the body. The other two wounds are within a short space of each other. Dr. A. C. Smith, who attended the girl at the Emergency hospital, was unable to explain the additional wound.

The girl, who is 22 and pretty, has so far refused to accede to the inquiries of the Hodgkins and Wood and reveal the name of the Japanese. She told them that she had not seen him since last Saturday.

Poland Will Be Theme of Speaker

Particularly timely is the first lecture by Dr. Jerome Hall Raymond in the University Extension course on European history to be given on Saturday, November 11, at 239 Grant avenue, San Francisco, at 3:30 o'clock. Dr. Raymond's subject is of especial interest just at this time because of the manifestos of Emperor William of Germany and Emperor Francis Josef of Austria have called into being the ancient kingdom of Poland.

This lecture will be followed by others on Belgium, Ireland, Denmark and European states, on consecutive Wednesday and Saturday afternoons at 3:30 o'clock.

All Run Down and Worn Out From Kidney Trouble

Some time ago I had a severe attack of kidney trouble; my condition was such that I was up and down; I was not able to work more than half of the time. I cannot tell you how much I suffered. I could not rest at night. I tried several different remedies all with no results. I wrote Dr. Kilmer & Co., and they sent me a small sample, which seemed to give me relief. I then purchased more Swamp-Root and continued to take it until restored to good health. I have been strong and healthy for the last twelve years. I cheerfully recommend Dr. Kilmer's Swamp-Root to others who have kidney trouble.

Yours truly,
MRS. R. CROSBLEY,
Antlers, Okla.

Personally appeared before me this 1st day of March, 1916, Mrs. R. C. Crossley, who subscribed the above statement and made oath that the same is true in substance and in fact.

"The Common Law" Sets New Filmcraft Record

Scene from "The Common Law" with Clara Kimball Young as the heroine.

Clara Kimball Young Is Star of Picture at Macdonough

Of all the film productions that have been at the Macdonough theater this season none has aroused greater interest among the thousands of picture fans than the present attraction, Clara Kimball Young in "The Common Law."

In addition to the interesting combination of favorite star and favorite American author the production is particularly noteworthy as the first offering of the Clara Kimball Young Film Corporation, organized by Mr. Lewis J. Selznick for the purpose of presenting the noted screen star on the open-looking plan, free from the restraining influence of a program system.

This picture was produced under the guidance of her Director General, Albert Capellani, the famous French master of camerawork who is best known to American picture followers as the producer of such illustrious feature plays as "Les Misérables" and "Camille." It is expected that the picture will set a new mark for novel and artistic photographs.

BOY SCOUTS WILL SHOW CAMP LIFE

Maneuvers Planned by Local Troop to Offer View of Work.

Camp life and maneuvers will be exhibited by the Oakland troop, Boy Scouts of America, Saturday, beginning at 10 o'clock. More than 500 boys will participate.

A unique feature of the event will be the emergency messages to be signalled by the scouts in relays from the Piedmont hills to the City Hall plaza. Scout Commissioner P. F. Pfund, who has charge of this practical demonstration.

Taking place on the roof of the high buildings, and using the field glasses, the teams will send messages of various kinds from back of Piedmont hills along the roof to the central station on the Grant school, and on to the City Hall cupola, thence to the signal tower on the plaza.

On account of the week of grace granted by the rain, the Scouts have had time to practice some unique stunts and will not fail to entertain and instruct the crowds.

Rotary Club members will be present to give the boys their support as it is through their suggestion and that of A. Lavenson who heads this division of the Scout committee that the exhibition is being put on. The committee, as well as the Scouts, want it understood that the boys are not doing this to make a show of themselves, but merely to make an exposition of the Boy Scout activities.

The theaters, business, laundries and other places in the city are also arranging for another special Boy Scout day for Thursday, November 23. Through a committee, headed by Mr. Joe Borroughs, they have agreed to turn over their proceeds for that day to the support of the Boy Scout organization.

Tickets will be sold by the Boy Scouts, school children, mothers' clubs, business organizations, hardware stores, and policemen. The possibilities are that sufficient funds will be raised to provide a budget for thousands of new Boy Scouts in the next two or three years.

New Counsel Is Named for Geffene

SAN FRANCISCO, Nov. 9.—Attorneys Nate Cogblan and Thomas O'Connor were today appointed by the court as attorneys for James G. Geffene, accused of murder. They will take the place of Edward McKenzie, who follows the dispute in court over the use of Judge Dunne's jury panel, was sentenced to five days in jail for contempt of court.

O'Connor stated that he had important cases pending and would like to have a postponement until December. The court, expecting to be engaged in the bomb cases at that time, suggested some other time. The case was finally laid over to November 20 for further argument.

Geffene is declared to be the W. P. Tortoriel who murdered a Viardo, cutting up his body, and an effort is being made by the prosecution to fix such identity.

SUFFRAGE SCHOOL TO BE OPENED

Arguers to Be Instructed in the Preparation for Campaigns.

NEW YORK, Nov. 9.—A national school for suffragists will be opened in Baltimore November 13, under the direction of the National American Woman Suffrage Association, for one week's intensive training. During that week suffragists from all over the near will come together for training in suffrage history, argument, parliamentary law, public speaking, organization and publicity, under such expert instruction as Mrs. Carrie Chapman Catt, president of the National Association; Mrs. Arthur Livermore and Mrs. H. W. Wilson of the New York State Woman Suffrage party, and Mrs. Jesse Geyer of Iowa.

These experienced suffrage workers will put the pupils through their paces according to the most successful campaign methods, and will not only teach lessons and give rules, but will also demonstrate their theories with model debates, street meetings and other concrete forms of suffrage activity. The street meeting will be conducted from a decorated automobile, and with the aid of a crowd and hecklers, will run true to the form of the average suffrage meeting in the street.

Mrs. Carrie Chapman Catt, who is considered the most experienced suffrage campaigner in the United States, will show the suffragists how to organize and conduct a local political campaign; Mrs. Arthur Livermore will give instruction in public speaking, taking the voice, enunciating, practical speaking points and speech material, and the psychology of various kinds of crowds; Mrs. Wilson will conduct the classes in suffrage history and argument; Mrs. Geyer will have the classes in press work and publicity.

Similar suffrage schools will be opened by the National American Woman Suffrage Association early next January in all of the 36 states where women have not yet secured the ballot.

Widney's Sanity Is Up to Commission

R. B. Widney, son of Judge R. M. Widney, prominent Los Angeles jurist, and prominent Los Angeles lawyer, following an assault upon T. Bertero, is in the Oakland emergency hospital awaiting a hearing at which he will be examined by a jury of doctors. The local commission will sit in his case tomorrow. Widney was taken to the hospital on an insanity warrant sworn to by Judge Widney's son. The father last night came to the aid of his son. In the complaint filed with the courts, Judge Widney says his son has attempted to "club out his eyes" and has cut his hand from his wounds and that he frequently changes his habitation and name without reason. It is because of these things that he believes Widney insane.

News Device to and Cafe Pickets

SAN FRANCISCO, Nov. 9.—Establishment of news stands before boycotted restaurants, with labor union signs and labor papers on sale, telling of the strike, is the plan of the anti-coffee and anti-picketing ordinance adopted by the voters. This was declared by H. B. Lister, attorney for the union, today. He says that picketing will be continued until the law goes into effect, and that then "union news stands" will be established before each restaurant formerly closed and where union newspapers telling about the boycott of that place will be sold. Whether the police will permit the establishment of the news stands is not said.

Wife Heard Anarchists, He Seeks Divorce

SAN FRANCISCO, Nov. 9.—That his wife attended anarchist meetings, drank whiskey, wrote a threatening letter to a Seattle judge and told him that women can vote and that therefore she had a right to go out when she pleased, are enumerated under the head of "cruelty" in a complaint for divorce filed today by Andrew F. Benson against his wife Katherine. He declares she threw water on him when he objected to her drinking whiskey, caused him great anguish of mind and that he can no longer live with her.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

For a splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongues, bad taste, nasty breath, shallow complexion and bowels which are bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Advertisement.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try This! Darkens Beautifully and Nobody Can Tell; Brings Back Its Gloss and Youthfulness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautiful, dark, glossy, soft and luxuriant, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

BUSINESS FOR LUNCHEON HOUR

Chamber of Commerce to Be Too Busy to Listen to Address.

The newly organized Transportation Club will have charge tomorrow noon of the Chamber of Commerce luncheon. President W. Merriman, who was elected at the last meeting, will announce the personnel of the committees he has appointed. The business of the club will take up most of the noon hour so that no speaker has been provided to talk to the assembled members.

At the following Friday luncheon the entertainment committee are endeavoring to get in touch with one of the high officials of the Southern Pacific and how to have him speak on some phase of the transportation problem as it affects Oakland. It is the intention at frequent intervals to have some of the best posted men in California address the club on kindred subjects.

Already thirty men who are interested in the transportation companies in the city have signed the roster. The club charter will be held open until the last week in November and if the interest that has already been shown continues the officers believe that they will start with seventy-five charter members.

The officers are as follows: President, W. Merriman, Southern Pacific; vice-presidents, F. L. Hanna, Santa Fe; L. H. Rodebaugh, Oakland and Antioch; and G. H. Campbell, Wells Fargo; secretary-treasurer, R. A. Foddech, Santa Fe.

RUSS FORCE TEUTONS TO FALL BACK

Retirement of Von Mackensen in Dobrudja Is Admitted by Berlin, Which Reports That Invaders of Hungary Lose

LONDON, Nov. 9.—Continuing their offensive in Dobrudja, Russian troops have driven back advanced detachments of Field Marshal Von Mackensen's forces and progressed southward, the war office announced today.

INVADERS REPULSED.

BERLIN, Nov. 9.—Russian troops, which have invaded Hungary on the northern Transylvania front in the Georgeny mountains, were repulsed yesterday, the war office announced. In Rumania, near Red Tower Pass, the Austro-German forces captured hill positions. In Dobrudja, advanced forces of Field Marshal Von Mackensen's army retired.

DRIVE INFANTRY BACK.

PARIS, Nov. 9.—A German infantry rush on the French forces at Saltsel on the Somme front last night was broken, when a sharp hand-to-hand fighting, according to the statement of the French war office today. Artillery action was continuous and heavy through the night. The Germans betrayed nervousness in their certain firing.

Iron Is Greatest of All Strength Builders, Says Doctor

A Secret of the Great Endurance and Power of Athletes

Ordinary Nuxated Iron Will Make Dull, Nervous, Run-down People 200 Percent Stronger in Two Weeks' Time in Many Cases.

NEW YORK, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. Bauer, who has studied widely, both in this country and Europe, when a sharp sense of fact and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other ailment caused by the lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or feel run-down, it is to yourself to make the following test: The how long you can work or how long you can run without getting tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for three days. Then test your strength again and see. Then yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from

Bavarian Prince Dies of Wounds

Nephew of King Louis Injured in Battle

BERLIN, Nov. 9.—Prince Henry of Bavaria, nephew of King Louis, is reported from Munich to have died from wounds received on a reconnoitering trip on November 7. Prince Henry was 32 years old and a major in the Bavarian Guards. He was reported to have been wounded on the battlefield last June. The prince was unmarried.

Russian Warship Sunk by Explosion

SOFA, Nov. 9.—Rumors have reached here that the new Russian dreadnaught, Imperatorza Maria, has been sunk, with practically her entire crew, by an internal explosion. The Imperatorza Maria was one of the latest types of Russian dreadnaughts. She was laid down in 1911, and launched in 1914. Her displacement was 22,500 tons, and she had an armament of ten 12-inch guns. Her secondary batteries consisted of twenty 5-inch and four 24-inch guns. She also mounted four 3-pounders and had four torpedo tubes submerged. She was 551 feet in length, had a beam of 65 feet. It is believed she carried not less than 1000 officers and men.

WRITER DESCRIBES BIG DAY OF DEATH

Attacks by Allies on German Somme Positions Ends in Extermination.

BERLIN, Nov. 9 (via wireless to Saville).—"A day of death in France," November 5, is thus characterized by the war correspondent of the Berliner Tageblatt, according to the Overseas News Agency, which quotes from the article as follows:

Again the British shortened the sector, but even on the shortened front the British were forced to engage a division of minor value, which was sent against positions that could not be reached by picked men even at the cost of destruction.

On this day also an attack near Guedecourt could not be launched in consequence of the German curtain of fire, which held the troops in the trenches and swept the ground where assemblies were taking place with ghastly certainty. The French finally were able to develop attacks at certain places. Evidently, in order to animate the courage of the men in the trenches, rather than from confidence that the attempt to break through would succeed, the enemy had gathered behind the front cavalry and field guns, which, it was intended, were to cross the destroyed trenches of the opposing forces and roll up from where the breach was made in the German front, north and south.

This great thrust resulted in a great day of death for the storming columns. They entered the German trenches only to the northeast and southeast of Salty, where they were defeated in sanguinary hand-to-hand fighting, while other storming columns in complete disorder fell back to their own trenches.

Three times a hopeless attack against Le Transloy was launched. The French troops were decimated by the German fire and the attempts were then abandoned. The German district presented a terrifying field of death. The German artillery fire was excellent everywhere against the troops in the crowded trenches. In routed the cavalry squadrons and broke down field batteries which had been only waiting for the signal to attack.

The French also suffered heavy defeats in the powerful engagements between Le Sars and Bouchavesnes.

French and British Flee From Chihuahua

EL PASO, Nov. 8.—Passengers arriving from Chihuahua City brought a report that a special train was being prepared there to bring the French and British residents of Chihuahua City to the border. The train was being sent from the state capital. It is feared that Villa is preparing to attack.

Play & Players

"While there is money in being a fool," says Herbert S. Williams of the vaudeville team of Williams and Wolfus on the Orpheum, "this profession is one of the hardest in the world."

"I'll grant you that it may be easy for some people, but this profession is one of health is in excellent condition, but when one feels badly it is one of the most difficult tasks in the world to walk upon a stage and be funny."

Have often been asked the qualifications for being a comedian. My reply is and always will be—imitate the public. Pick out their fads, their fancies, and mimic them. This is my contention, but the contention of every comedian with whom I have ever talked upon the subject.

"My first experience was in the orchestra leader's chair. There I was, with the band, and the professional actors and actresses who came to the theater. I was nervous at first, but I soon learned to inject little bits of humor into the sallys and replies to the actors."

"Finally I tired of making humor for the other fellow and I decided to branch out for myself, and so far I think I have succeeded in making more than a million people laugh."

RUSSIAN STORY IS SEEN AT RELIANCE.

On the bill which opened at the Regent yesterday the leading feature was a powerful story of Russian life called "The Scarlet Oath," and starring Gail Patrick and John Harrington. The story, that of portraying twin sisters, and she accomplishes it with an unusual degree of realism. The scenes are laid in New York and Russia and the plot concerns the workings of the nihilists.

When children, the sisters are brought to America where one is adopted by a wealthy family and the other is engaged to marry a young American. The other sister who has been adopted by him in his work. When she returns to Russia and is killed by the police. She is resurrected and the story ends with her escape to America by impersonating her sister. There are many scenes of great interest and the story is supported by a capable cast.

The other feature of the bill is a sequel to "Gaucho" called "The Prince of Gaucho."

HIPPODROME SHOW HAS MUCH COMEDY.

A brand new vaudeville novelties and comedy picture drama make up the Hippodrome show for the last night of the week. The picture, "The Hippodrome," is a particularly pleasing comedy. Hendrix and his company of half-dozen singers and comedians is the headliner in a 30-minute skit called "The Schoolmaster." The girls are young and pretty and the musical numbers catchy. Hadn't Studied Art So 'Makes' Jail

Burglar Breaks Glass a La Sleigh Bells

SAN FRANCISCO, Nov. 9.—Because John McDonald did not know the gentle art of smashing glass quietly, he is now in the city prison with two charges of burglary against his name.

Michael Sheanon, 309 Clementina street, was peacefully sleeping last night when he heard the front of his grocery store, which is mostly glass, tinkling down on the sidewalk. He rose hastily, in time to see the figure of a man sitting down the street.

Ten minutes later, at Ninth and Folom streets, Patrolmen Moran and Glover were standing on the corner when they heard the glass front of Garrity's plumbing shop jingle like a set of sleigh bells on the pavement. They investigated.

McDonald was just emerging from a broken window with an armful of plumber's tools. In his pocket he had several bottles of red eye" from Sheanon's grocery window.

The policeman looked at the tools, smell the "red eye," and then invited John to become a guest at the "White Hotel." He accepted.

LASKY STAR TO BE T. & D. OFFERING.

Fannie Ward, brilliant Lasky star, who scored a sensation by her acting in "The Cheat," will be seen in a role of tense dramatic quality at T. & D.'s Oakland Photo theater until Saturday. The interest is attached to this picture by reason of the fact that it was selected from among hundreds of pictures written by the big Columbia University class in photo dramatics. The Lasky produces this picture as an evidence of American authors to create for the screen.

The story tells of a little New England maid, who lived in a stern, superstitious Puritan colony. The time of the story is about 1690 when persons were persecuted on the charge of being witches. Circumstances brought this charge against Suzette. The photograph death penalty, while the theme contains also a love story of intense interest. "The Heir to the Hoopah," will be offered by Thomas Meighan and Anita King.

SPRITELY DANCES CHARM AT COLUMBIA.

Like and Mike are a distinct hit at the Columbia this week in the funniest play that they have ever tried. It is packing the little playhouse nightly and each audience leaves with the feeling that it has seen one of Will King's best plays.

The Columbia's Girls are a feature of this week's offering and go a long way to make the play a big success.

Clever costumes that are absolutely new and novel of design are worn by the sprightly maidens.

Last Tuesday night "Country Stores" were inaugurated at the Columbia. It proved a colossal success and will be repeated regularly.

The regular chorus girls' contest will be held tomorrow night. The contest has a Columbia patron and always assures packed houses.

M'CORMACK TO SING IN CONCERT

Famous Tenor Will Render Program at San Francisco Auditorium.

Sunday afternoon, November 12, at 2:30, John McCormack will give his first concert in the Exposition Auditorium in San Francisco's Civic Center. Thousands of music lovers from all parts of Central California will gather to welcome the "sweet singer of Athlone."

The art of John McCormack is as high perfect as any one may expect to hear. His phrasing, vocal method, one production, articulation and diction might well serve as a model for every student of the vocal art.

Assisted by Donald McBeath the gifted young violinist, and Edwin Schneider, the eminent American composer-pianist, McCormack will offer the following varied and exceptionally attractive program:

O Sleep Why Dost Thou Leave Me, Handel
Tell Fair Irene, Handel
Largo, Marcello-Salmon
Vivace, Marcello-Salmon

Singer's Consolation, Schumann
May Night, Schumann
When Night Descends, Rachmaninoff
Autumn, McCormack-Bleichmann

To a Wild Rose, MacDowell
Spanish Dance, Granados

Irish Folk Songs:
North O'Neale, Arranged by Hughes
Auld Rovers, Arranged by Hughes
Kathleen O'More, Arranged by Hughes
Fasten Flinn, McCormack-Milligan-Fox
L'Abella (The Bee), Schubert-Wilhelm
Spanish Dance, Mr. McBeath.

The Bitterness of Love, James Dunn
The Bitterness of Love, James Dunn
Your Eyes, Edwin Schneider
Before You Came, Lane Wilson
McCormack will sing a dozen or more of his favorite songs as encores.

The second and positively last McCormack concert is announced for Sunday afternoon, November 19, with a complete change of program.

Tickets for both concerts are now on sale at Sherman, Clay & Co. and Koller & Chase in San Francisco and on Sunday two special box offices will be open at the Auditorium after 10 o'clock.

TELLS CITY CLUB OF HEALTH POLICY

Dr. Rubinow of the Insurance Commission Urges Joint Efforts.

BERKELEY, Nov. 8.—To be effective, health insurance should be based on the basis of the joint contributions of employer and employee and the public, according to Dr. M. Rubinow, Ph.D., consulting actuary, of the Social Insurance Commission, California, whose address before the Berkeley City Club is contained in a bulletin of that organization issued today.

Dr. Rubinow maintains that health insurance that provides financial assistance only is but one aspect of the functions of an efficient health insurance act.

"It is true," he says, "that medical treatment without financial assistance remains a mere and delusion. It is also true that to grant financial support in illness without making an effort to prevent the disease is a preposterous waste of public funds."

"It then," he continues, "the absolute need of adequate medical aid to the ill worker is recognized as a matter of financial necessity in order to keep the cost of health insurance within reasonable limits, how much greater is the necessity for financial aid to the worker in the event of a serious illness or accident, and the serious shortcoming of the bill introduced in three states, as compared with the theoretical standard announced earlier, was the omission of medical benefits to members of the family."

On the issue of maternity insurance, Dr. Rubinow presents strong views for such a provision in the proposed California act.

"I do know," he says, "and I believe that even the opponents of maternity insurance know that 15,000 women annually lose their lives in this country as a result of inefficient medical aid at childbirth. Perhaps 100,000 infants die in the first year of their lives because of lack of efficient medical aid and mother's care."

"The act," he also says, "which the work of mothers is unobtainable in one hundredfold more unfavorable during the few months immediately preceding and succeeding the act of childbirth, and that no theoretical consideration of possible relieving effects should close our eyes to the very grave problem created by these conditions."

Brilliant Wedding for Young Alameda Pair

MRS. LEE B. WILLIAMS of Alameda, who, until her wedding last evening, was Miss Grace Bradford.

FRATERNITIES TO TEST SCHOLARSHIP

Recorder of Faculties to Keep Track of Work of Students.

BERKELEY, Nov. 8.—The fraternities of the University of California have sent a list of their members to the recorder of the faculties to keep track of the work of the students.

The list includes the names of 1,031 active members of the 35 Greek letter men's fraternities, distributed as follows:

- Freshmen 232, sophomores 230, juniors 238, seniors 285, graduates 56.

There are 268 students who are now at the university and in those organizations there are 268 students, distributed as follows:

- Freshmen 41, sophomores 56, juniors 56, seniors 82, graduates 30.

The list of women's societies with a total of 587 members, distributed as follows:

- Freshmen 136, sophomores 153, juniors 134, seniors 138, graduates 39.

Of house clubs for women there are six, with a total membership of 139, distributed as follows:

- Freshmen 22, sophomores 42, juniors 38, seniors 22, graduates 15.

There are at present enrolled in all departments and colleges at Berkeley 49,000 students. Approximately one-third of these students are members either of house clubs, fraternities or sororities.

The members of women's societies (229) comprise 27.2 per cent of the total number of women in the university. Thirty-nine per cent of the men belong either to clubs or to fraternities. The percentage of men in the university is 30.88; of women in sororities, 22.07.

The active chapters of the sororities have larger membership rolls, on the average, than the fraternities. Four of the sororities have more than 40 active members. No fraternities have more than 40. The membership in the sororities ranges from 20 to 46, and in the fraternities from 17 to 40 students.

Grace Bradford Bride of Lee Williams

ALAMEDA, Nov. 8.—Miss Grace Bradford and Lee B. Williams were married last night in the First Congregational church, the Rev. C. L. Means officiating. The wedding was one of the largest church weddings of the season, over 500 invitations being issued. The bride was attended by Miss Anna King of Los Angeles as maid of honor, and four bridesmaids. The bridesmaids were Miss Mary Frances Garrett and Miss Jeanne Sturtevant. John Williams, brother of the bridegroom, served as best man. The ushers were Miller Jones of Woodland, Dr. Henry Petray of Oakland, Dr. Lester Williams of Berkeley and Curtis Bradford, brother of the bride.

The bride's dress was of white satin elaborated with silver lace. A tulle veil and a shower of bride roses completed the costume. The maid of honor was in yellow satin and the four bridesmaids wore pink crepe and tulle. The ceremony was held at 8 o'clock, and the reception was held at the home of Mrs. C. L. Neal on Sherman street, to which twenty-five close friends of the couple were invited. Following the reception, the bride and groom left for the honeymoon. The bride is the daughter of Mr. and Mrs. C. A. Bradford of this city. Williams is a member of a well-known Piedmont family.

Appeal Is Filed in Billings Case

SAN FRANCISCO, Nov. 8.—An appeal was filed in the District Court of Appeal this afternoon in the case of Warren K. Billings, who was sentenced to life imprisonment for murder in connection with the bomb outrage on Preparedness Day, July 22.

GARBAGE PROBLEM IS BEFORE COUNCIL

Alameda Hears Proposition to Solve Disposal for Isle City.

ALAMEDA, Nov. 8.—Frederick Smith, head of a garbage disposal company, submitted a proposition to the Alameda city council last night. The proposition involves the establishment of a big garbage disposal on an 800-acre tract on Bay Farm island to eventually employ 200 men, with a colony of homes on the island and other related improvements and betterments all figured on an extensive scale.

Smith's proposition involves an exclusive right to collect Alameda garbage under franchise or other special award. He announced that motor trucks would be used and suggested that the city council pass a garbage ordinance regulating prices and method of operation. He declared his concern could afford uniform and more efficient service than the unorganized garbage handlers now in the business.

He announced that motor trucks instead of horse drawn vehicles would be used and the city districted to avoid duplication of work of collection.

His scheme includes the use of asphalt and tar under a patented combination for the destruction of much of the garbage into fertilizer. Samples of the fertilizer were shown with the information that each ton of average garbage yielded about 400 pounds of this fertilizer or humus. Smith declared that his plan also meant the extermination of the hordes of rats that now was fat on the open dumps and the consequent increase of the United States government as a garbage buyer.

President McKinley and planned a system for the handling of the Hawaiian garbage, similar to the one proposed here. Smith submitted to the Alameda council. He declared last night that the establishment of the plant would mean the extermination of the present large areas of un reclaimed marsh lands on the island with consequent increase of Alameda's assessable improved property.

His other arguments of material property to accrue to Alameda included a cash payment to the city for exclusive garbage rights of monthly sums starting at \$10 per month and raising \$5 each month in connection with the increase and averaging for the entire period \$220 a month.

Smith declared he had other sites costing far less than the favored 800-acre tract on Bay Farm island and would have some definite plans for the taken before November 23 when he was to give an answer regarding another proposed site for the plant.

In answer to an inquiry from Councilman Hammon as to what these men and their outfits would do, Smith replied that they would probably be working for his company, but he would not guarantee or special offer of such nature.

Follows Dad's Trail Made in '49 Copley Brings Eight to New State

With seven children, a wife, a mascot dog "Hob" and a trailer wagon, Walter Copley, an Idaho farmer, arrived in Oakland yesterday in an automobile, over the route followed by his father in an ox team in 1849, trekking westward for a homestead.

Tucked under the seat of his machine, which has a road record of 15,000 miles to its credit, is the original map made by Copley senior of his travels across the Blue Mountains, across the Oregon grades and down the coast along the line of what is now the Pacific highway.

Copley and his family are en route to San Diego, where he is going to be a part of traveling equipment, is everything he needs for his start in the new land. A tent, a kitchen stove, food for a month, extra clothing with coats, tables and dishes are included among the assortment of traveling utensils which Copley carries with him.

The party have been on the road since September. Prior to that time they traveled all over the United States, visiting a score of states. In their trip across the Blue Mountains from Burley, Idaho, their home town, where Copley sold out a ranch to see the country, he had several narrow escapes from death. Twice Mrs. Copley opened the side doors of the machine and with her arms full of youngsters prepared to jump to safety as the machine skidded along narrow roads over deep gorges, through the rain.

Every one of the party looks healthy and strong and none the worse for the experience. Even the dog, sleepy from the amount of scenery he has viewed, is sleek and well-fed in appearance. The Copleys will reach San Diego along the valley route by next Sunday, camping out wherever they desire when night overtakes them.

"The roads have all been good," said Copley, "and the traveling, barring a little rain in Oregon, was superb. The trip has cost me outside of a little rain trouble was gasoline and oil expense. It is the only way to travel—sleep in the open, eat on a camp outfit, and go where you please."

STREET MATTERS OCCUPY COUNCIL

Alameda Avenue Will Be Improved From Oak to Union.

ALAMEDA, Nov. 8.—Chairman Hammon Jr. of the council street committee fathered a motion through the city council last night for the improvement of Alameda avenue between Oak and Union streets. The council was a unit in backing up the motion and the street department will scurry and rebuild the avenue without expense to the property owners.

Chairman Hammon also brought up the permanent improvement of Webster street for two blocks southward from Santa Clara avenue to connect with the new pavement at Central avenue. Councilman J. A. Frost supported the motion, as did Council President E. B. Votaw, but the other councilmen voted against the proposition, holding that the two blocks would answer in their present condition for a few months and the work could be done later.

The Union Iron Works electric current matter was not mentioned beyond the statement of Mayor Bartlett that City Attorney A. F. St. Sure was kept at home by illness and could not be present at the council meeting. At the special session last Monday night the City of Iron Works' use of foreign electric current was left in the hands of the city attorney in conjunction with the electric commission, and it is expected that the city attorney will draft and recommend an ordinance covering the bringing of outside current into Alameda.

The offer of J. C. Lindeman to give the city a piece of land between Central avenue was rejected and the steps already taken to improve this short piece of land were under consideration. The recommendation of the electric commission, which would be to use electric service connections heretofore eliminated, was adopted by the council. Fire service connections will be effected on December 1 save where the distance to be covered is over 100 feet.

Chairman Hammon of the street committee said it would be useless to discuss at this time on a sidewalk on Webster street road across the marsh as the present roadway would be five feet below grade when the present filling operations on both sides of the roadway are completed. The present roadway is about high tide level.

ALICE ELLIOTT TO TRY NEW ROLE OF LIVING ORIGIN

Has Lead in "Paolo" and Aims at Entering Movie Field.

BERKELEY, Nov. 8.—Miss Alice Elliott, most prominent of recent university actresses, has been chosen to play the leading woman's role in the forthcoming production of "Paolo and Francesca" by the Players' Club of San Francisco.

Miss Elliott achieved a notable success this year in a leading role in "Androcles and the Lion," produced by the English Club of the University of California. She will be graduated from the university next June, and is her present intention to enter the moving picture field. She has a distinctive brunette beauty which, moving picture producers say, will lend itself readily to the movie art.

James K. Fiske, assistant to the producer of the university, will play opposite to Miss Elliott.

The production will be staged at the Little Theater, in San Francisco, in about two weeks. The rehearsals are now in progress, under the direction of Reginald Travers.

The Little Theater has been a success from the start, and its advent into the heavier productions will be watched with interest by theater lovers on both sides of the bay.

Farmer Cures Corn With Friend's Chisel

GRANDVIEW, Wash., Nov. 8.—James Forsell, retired and wealthy farmer, has a new corn remedy. He was troubled for years with the pain of a corn. He has a neighbor who is a carpenter. One day last week he went over, borrowed a chisel and adjourned to his own back yard. Placing his toe on the chopping block, setting the chisel between his joints and firmly grasping a hammer in the right hand, he cured his corn. "I'm rid of that corn," he told his wife, "but I'm also minus a toe."

Lansing Awaits Word of U-Boat Program

WASHINGTON, Nov. 8.—The United States is awaiting a reply from Germany to an inquiry regarding the purpose of the visit of the submarine U-53 to the United States a few weeks ago. It became known this afternoon that the German government made the admission, in reply to questions that Germany had been asked for details concerning the contemplated scope of the submarine campaign.

MOTHERS MEET

BERKELEY, Nov. 8.—The Durant School Mothers' club held its regular monthly meeting Tuesday afternoon, the president, Mrs. J. S. Biers, presiding. Two speakers were present. Florence Sylvester, who spoke on the care of a child's teeth, and Mr. Bridges of the Oakland Rotary club, who spoke on the Boy Scout movement.

Explosives Found in German Dugout

LONDON, Nov. 8.—Twenty-two tons of explosives were found in a German dugout captured by Canadian forces, the war office announced today. Continued bad weather has prevented active operations, although there has been "the usual artillery exchange."

Will pay for the chance to heal Catarrh

After an experience of 25 years, during which time 50 million Americans have used Kondon's Catarrhal Jelly, the manufacturers of this remedy feel so sure that it will relieve catarrh—that they offer to pay for a chance to prove its benefit to any catarrhal sufferer. They announce that any resident of this community can go to almost any drug store and get a complimentary trial of the remedy at the expense of the manufacturers. If the drugist has no gratuitous packages, the person may buy a 25 cent tube with the unqualified understanding that if that first tube does not do that person more than a dollar's worth of good, he or she can get their quarter back from either the drugist, or the Kondon Company at Minneapolis. Over 35,000 drugists know Kondon's Catarrhal Jelly is effective, harmless, clean and pleasant to apply—and they know the Kondon people will gladly live up to this offer—quarter back if not worth a dollar's address.

HARRY LURIE, REALTY MAN, IS SUICIDE

Harry Lurie, Realty Operator,
in Fit of Despondency Fires
Bullet in Head While at His
Office; Dies at the Hospital

Despondent over business troubles Harry Lurie, a real estate operator, well known in Oakland, a Shriner and member of the Veterans of the Spanish-American War, shot himself this morning through the head in his office, 807 Syndicate building. He was found half an hour after the shot was fired. He died this afternoon.

Miss Adeena Guber, 2504 Telegraph avenue, stenographer for the Morse Realty company, in an adjoining room, heard Lurie enter his office at 8:30 o'clock, and ten minutes later heard a loud report. She ran out into the hall, and observing everything to be quiet, concluded that what she had heard was the backfire of an automobile in the street below.

At 9:10 o'clock Miss Evelyn Kane, 2413 San Pablo avenue, stenographer for Attorney Milton Schwartz, with whom Lurie shared the office, came to work and heard the moans of the wounded man. She investigated and discovered Lurie lying in an inner room with a revolver by his side. She at once notified the police.

Lurie is about 45 years of age and resides at 5124 Grove street. He has a wife and two children, Leonard, aged 13 and Watson, aged 6.

Cement Men to Fight Charges Not Based on Fact, Plea

SAN FRANCISCO, Nov. 9.—While federal grand jury indictments returned on October 27 at Portland against sixteen men in California, Washington and Oregon, state that so far as they know the whole case grew out of a civil suit brought by Aman Moore, vice-president of the Oregon Portland Cement Company who "found that he could not sell his stock to his or any other concern."

William G. Henshaw and Tyler Henshaw of Oakland who are among those indicted, according to the reports from Portland, state that so far as they know the whole case grew out of a civil suit brought by Aman Moore, vice-president of the Oregon Portland Cement Company who "found that he could not sell his stock to his or any other concern."

TESTIMONY IS GIVEN.
The testimony upon which the indictments were returned was given by Portland, state that so far as they know the whole case grew out of a civil suit brought by Aman Moore, vice-president of the Oregon Portland Cement Company who "found that he could not sell his stock to his or any other concern."

It is alleged that the heads of the local cement companies conspired in the restraint of trade, arbitrarily fixing the prices for the cement sold in California, Washington and Oregon and designating certain territory for each concern.

The complete list of those against whom indictments are said to have been returned follows:

MANY INDICTED.
S. H. Cowell and W. H. George, president and secretary, respectively, of the Covell Portland Cement Company, with headquarters in San Francisco.

F. G. Drum, R. B. Henderson and Frank W. Erlin, president, treasurer and general manager, respectively, of the Pacific Portland Cement Company, Consolidated, San Francisco.

William G. Henshaw and Tyler Henshaw, president and vice-president, respectively of the Riverside Portland Cement Company, San Francisco.

George T. Cameron and Fred R. Muhs, president and manager, respectively, of the Santa Cruz Portland Cement Company, San Francisco. Cameron and Muhs also hold the same offices with the Standard Portland Cement Corporation, with its plant at Napa Junction, and its office at San Francisco.

John C. Eden and A. A. Sutherland, president and treasurer, respectively, of the Superior Portland Cement Company, Seattle.

A. P. Coats, president of the Washington Portland Cement Company, Seattle.

Alexander Batlle and W. P. Cameron, resident agent and general manager, respectively, of the Olympic Portland Cement Company of the Kingdom of Great Britain, with its plant at Bellingham and its office at Seattle.

R. P. Eutcher and Clark M. Moore, president and general sales manager, respectively, of the Oregon Portland Cement Company, with its plant at Oswego, and its place of business at Portland.

Dental Office Is Robbed by Burglar

Campbell Couple Wed at Church Ceremony

CAMPBELL, Nov. 9.—Miss Genevieve Davis and Dwight Van Arsdell were married on Sunday afternoon at the Methodist church in this place, in the presence of about 60 guests, mostly relatives. The ceremony was performed by the Rev. W. H. Joy. The wedding hymn was sung by Miss Ruth Lloyd. The bride's attendant was Miss Hollis Van Arsdell, sister of the groom. The groom was accompanied by Claude Townsend, informal reception. Mr. and Mrs. Van Arsdell left for Berkeley after a brief wedding tour, after which they will reside at the home owned by Mr. and Mrs. A. P. Van Arsdell parents of the groom, on the Williams road near Hollister.

The explosion of a gasoline engine last evening badly injured a local workman, Lawrence Gates and Carl Cutting of Hamilton avenue. Gates lost several teeth knocked out and his head was badly cut. Mrs. Gates sustained a serious scalp wound and Cutting had his eyebrows burned. A torch which they were using to furnish light while repairing a gasoline tractor ignited the gas in a tank.

The Campbell high school sent as delegates to the Northern California M. C. A. Edgar Kennedy, Gilmore Dunbar, Howard Sturtevant, and Max Bartholomew.

The Ladies' Aid Society will hold an all-day session at the Methodist church tomorrow afternoon instead of the work had been contemplated. The women planned to make preparations for the coming year of the A. I. C.

Scandals Reported in Rumanian Army

STOCKHOLM, Nov. 9.—Scandals in the Rumanian army are aired here in a semi-official despatch received from Bucharest. It says:

The Rumanian minister of war has officially announced that a number of superior officers of the Rumanian army have demonstrated their inability to fulfill their tasks, and, further, have openly showed cowardice in a manner fatal to military discipline. Generals Dragotescu and Majors Chebach and Balchensku have been removed from the army list and degraded.

Other despatches say that the Rumanians have destroyed several dams across the arm of the Danube in the swampy district in order to enlarge the Danube line and render a crossing by the German Bulgarian-Turkish armies of Field Marshal von Mackensen more difficult.

Need for Police Ambulance Cited

The urgent need for a police ambulance was called to the attention of the city council this morning by Commissioner of Public Health and Safety F. F. Jackson and the matter of the purchase of an automobile fitted for emergency work probably will be taken up in the near future. In reference to present conditions Commissioner Jackson said:

I wish to call your attention again to the inadequate provisions which are made in the police department for the handling of emergency and accident cases. This morning there were two suicide attempts and an accident case within half an hour. The police patrol wagon had to make three trips to various points to convey the injured to the emergency hospital. It is high time that we made an appropriation for an ambulance. Jackson's colleagues agreed that the condition should be remedied and the matter will probably be brought up for discussion at an early date.

ILLEGAL CONTRACT IS CANCELLED

Supervisors Advised by Deputy Attorney That Action Was Wrong.

Acting on the advice of T. P. Wittchen, deputy district attorney, and in answer to threats of litigation, the Supervisors today failed to give a contract for the construction of the tuberculosis hospital at Livermore to W. Thornally. All bids were rejected and James F. Holland, clerk of the board, instructed to advertise for more.

Wittchen told the Supervisors that their action in deciding to give Thornally the contract was illegal, in that his bid was \$3600 higher than the lowest bidder. The board was also threatened with litigation by the losing contractors. R. W. Littlefield of Oakland was given the contract for the construction of the tuberculosis hospital at Livermore. He was not the lowest bidder, but he succeeded his bid to meet that of the smaller one and was awarded the contract for that reason. The bid was \$20,600.

Cottolene

"The Natural Shortening"

Cottolene Pie Crust
Mix one scant level half-teaspoonful salt with 1½ cup pastry flour. Chop in with a knife ½ cup of chilled Cottolene. When well cut together, add in very gradually 3 tablespoonfuls cold water, chopping the mixture and avoiding wet streaks. Do not knead with hands. Flour moulding board and rolling pin and roll dough as usual. If paste is soft, chill upon ice before rolling.

Write us for a free copy of our real cook book, "HOME HELPS." Address our General Office, Chicago.

Your pies will be delicious whenever you use Cottolene for shortening. It gives just the right crispness and flakiness to the crust and enhances the flavor of the filling.

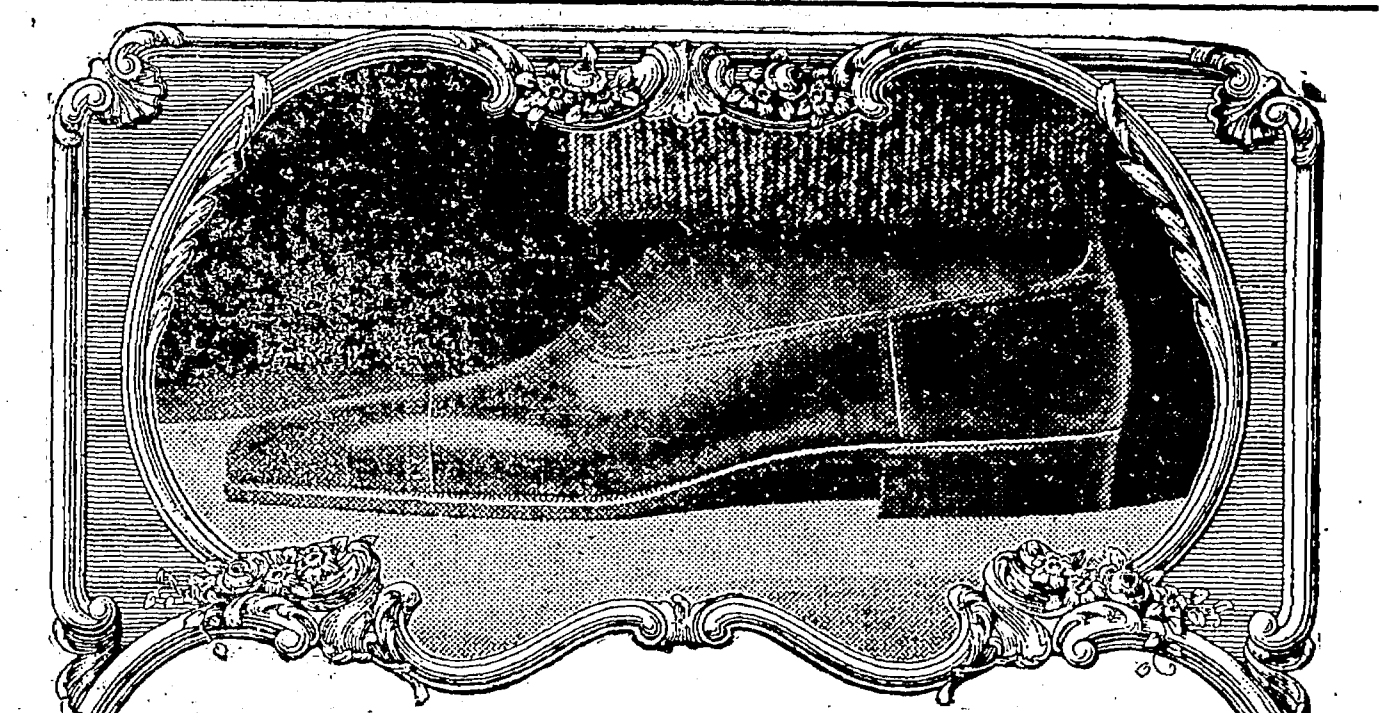

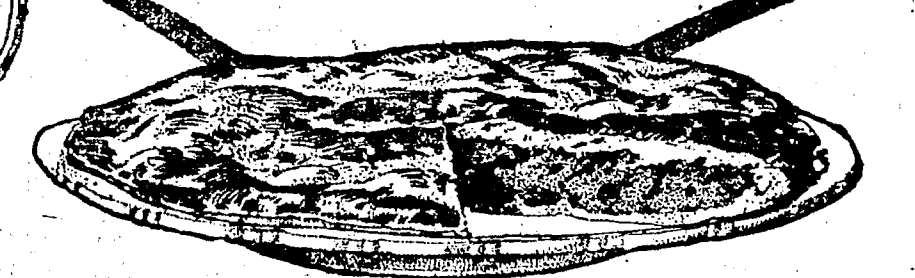

Be sure to use Cottolene the next time you make pies and notice how nicely it works in with the flour—also how delicious your pies will be.

Cottolene makes foods shortened with or fried in it more healthful as well as more appetizing.

Your grocer will supply Cottolene in large or small pails. Ask him to deliver it regularly.

JAIL DOORS SWING ON FUEL MEN

Smith and Mills of Western Fuel Co. Go to San Quentin. While Mayer Is Received at County Jail for Year Term

Federal Judge Denies Delay to Trio Convicted of Frauds, in Which United States Was Robbed of Duties by Scales

SAN FRANCISCO, Nov. 9.—In the custody of United States Marshal Holohan, James B. Smith and Frederick C. Mills, convicted officials of the Western Fuel Company, who yesterday lost a three years' right to escape sentence, left on the 10:45 boat for San Quentin penitentiary today. Smith, serving his respective terms, Edward H. Mayer, the third member of the trio, was taken to the Alameda county jail in Oakland by Deputy Marshal Grover last night, where he will serve his sentence of one year.

In addition to the penitentiary sentence of eighteen months each, Smith, who is vice-president and general manager of the coal company, must pay a fine of \$5,000 for his alleged activity in the defrauding of the government of import duties on under-valued coal, valued at millions of dollars. The sentences were imposed originally by Judge Dooling on March 19, 1914. An appeal was made for writ of review of the court's finding by Attorney Peter F. Dunne, but the supreme court refused to make the review. Attorney Dunne yesterday attempted to stay proceedings on the ground of a pending appeal to President Wilson, but Judge Dooling refused to grant the stay and gruelled the defendants in ordering them into the custody of the United States marshal.

END OF HARD FIGHT.

The transfer of the prisoners to the state penitentiary and the Alameda county jail marks the end of one of the hardest fought criminal cases in the history of the federal courts. The men were originally indicted in February, 1913, nearly four years ago. Scales of the company were found to be improperly adjusted and it was proven at the trial, which started December, 1913, that they had been used for short weighing imported coal and overweighing exported coal for years. It was estimated that the government had been defrauded out of millions of dollars in duties and "drawbacks."

Judge Dooling, in ordering that the convicted men serve their sentences, delivered a stinging rebuke to the so-called attempt to "make a bargain" with the government on a financial basis. His remarks were understood to apply to the suggested compromise between the Western Fuel Company and the government in the forfeiture action brought against the company to recover \$861,000 alleged value of coal improperly weighed. Judge Dooling said:

DEAL DENOUNCED.

The defendants have, according to many published reports, uncontradicted so far as I have seen, declared with their application for a pardon that they were endeavoring to make a bargain with the Department of Justice, by which, in consideration of the payment by the Western Fuel Company of the sum claimed to be due the government, the department would barter away the penal judgment of this court. "That the department would under any circumstances, would template such a trade, I do not for a moment believe, but I cannot so far give countenance to this report as even seemingly to allow time for the consummation of the proposed bargain."

That Smith hopes for executive clemency was his declaration on the way to prison. He declared that he and his co-defendants are innocent, that the government is still on friendly terms with his company and that, in his belief, he will be pardoned. The loss to the government was

Democrats Set Guard Over Ballot

Co. Chairman Obeys Headquarter Orders

Acting under orders from the Democratic state committee, H. S. Harwood, chairman of the county committee, has caused a day and night guard to be set over the big vault in the county clerk's office, where the ballots cast in Tuesday's election repose pending the official count.

VICTIM OF BULLET DIES AT HOSPITAL

Valentine Negro, Baker, Mysteriously Shot, Succumbs to Injuries.

Shot twice through the body in the early morning hours of November 3 by a man known by the name of "Baker," formerly employed at the establishment of Angelo Lonnét, 500 Myrtle street, died today at the County hospital following five days of suffering. Mark Pandrone, identified by Negro as the man who fired the shots, is in the city prison, where he has been awaiting trial for the murder of a woman. A charge will probably be filed against him by the police at once.

According to information given, the Police Department, following the shooting, the man whom he recognized as Pandrone fired three times at him when he was in the early morning hours. Negro claimed that Pandrone fired at him without warning, evidently believing that Negro meant to give him a ride. Pandrone, in hiding at Second and Grove streets, half an hour after the shooting. According to Williams, Pandrone offered him \$5 if he were allowed freedom.

Traffic Ordinance Delayed by Council

Consideration of the new and amended traffic ordinance was postponed for two weeks by the City Council at the request of representatives of the San Francisco-Oakland Terminal Railway and the Oakland Expressmen. Conference are to be held for the purpose of including in the ordinance provisions for the lessening of accidents at grade crossings.

Commissioner Edwards' ordinance placing a tax of \$5 a quarter on passenger automobiles doing an interurban business and \$15 a quarter on gasoline supply stations, was given its second reading. At the request of William Walker, secretary of the Merchant Exchange, an amendment is to be made definitely excluding from taxation the "rubber-neck" wagons which visit this city from San Francisco.

When the ordinance finally comes to passage, it will include a provision that the statute shall not become effective until January 1.

Acting Pastor to Aid Sunday School

Following the announcement made of the retirement of Rev. George H. DeKay as acting pastor of the Myrtle Street Congregational church, a farewell reception was tendered him by members of the congregation. Sixty parishioners were present. Rev. DeKay will enter the Sunday-school extension field of Central California.

Following a program to which members of the church contributed, refreshments were served. The reception was held in the parlors of the edifice, in Myrtle street, between Eleventh and Sixteenth.

about \$30,000, and the government is still friendly, buying coal on us. There was no intent to cheat and whatever damage there was was due to error in weighing coal. Even though on my way to San Quentin, I believe President Wilson will intervene.

WIFE AUTHOR OF SERMONS, HE SAYS

Pasadena Man Loses Fight in Court for Custody of Children.

LOS ANGELES, Nov. 9.—That he had sworn out an insanity complaint against his wife and the next day had preached a sermon on "Love," which had been written by her, was the remarkable admission made by the Rev. Duncan Salisbury Merwin of Pasadena, during a hearing in the juvenile court.

This happened, according to the testimony, in 1914, the sermon having been delivered at El Toro, Orange county.

Rev. Merwin, who is now an organist at one of the big Pasadena churches, also admitted that while he was preaching his wife had written most of his sermons, or had dictated them to him.

The wife, Mrs. Maud M. Merwin, was subsequently found sane, and since that time the two have lived apart, the custody of the children having been regulated by contract between them, the mother taking them during the school months and the father during the vacation period.

Several months ago Mrs. Merwin, through Attorney John Beardsley, instituted habeas corpus proceedings to secure the children, claiming that her husband had refused to give them up when school time came. The husband responded with a claim that the mother was not fit, on account of her mental and nervous condition, to care for the children. Judge Sidney M. Powell found in favor of the mother.

Merwin then instituted another proceeding, through his attorney John S. Bennett, to force Mrs. Merwin to place the children in schools of his selection.

The hearing on that question was held and at the conclusion Judge Reeve again decided with the mother. It was while the father was under cross-examination by Attorney Beardsley that the admissions as to Mrs. Merwin having been the author of her husband's sermons was made.

'BORN CROOK' SAYS FEMALE RAFFLES

Chicago Woman Tells Police She Cannot Help Looting Homes.

CHICAGO, Nov. 9.—If Mrs. Nellie Hantz of Chicago, had a million dollars she would be a burglar, if she had only a hundred she still would be a burglar. In other words, she just can't help it because she's a Raffles.

This is how she explained her case to the police when they apprehended her after burglaries covering a period of nearly two years, which had baffled them to the point of exasperation.

The police on seizing her at her home found jewelry worth \$1,400, part of her spoils. The entire loot she has collected from the homes of rich Chicagoans may amount to \$5,000. Along with the jewelry the police confiscated an ingenious set of burglar's tools and an elaborate equipment of weapons, including a revolver in her stocking she tried to draw when the officers entered her house.

"I just love to burglar," she said. "I was worth a million dollars I would do it just the same. But I never work at night, because I am dreadfully afraid of the dark."

"I've been prowling for eighteen months. I know you've been after me, but it took a long time to catch me, didn't it? I guess I was just born to be a crook. You'll have to let me up. But it's too bad about Carl. He never suspected."

Carl is her husband. He is a chemist. He was dumfounded to learn that his wife was a thief.

"She stole two years ago," he said, "but she promised never to go wrong again and I took her back, for the sake of our little girl. She's 14 and I think God, she's visiting in the country now."

Y. L. I. to Receive for Grand President

A reception will be tendered Mrs. Stacie Hill, grand president of the Young Ladies' Institute, tonight at Knights of Columbus hall, under the auspices of Oakland District No. 1. Members of both the women's organization and of the Young Men's Institute will be present in large number. A program will be given, followed by dancing.

The reception committee will be headed by Mrs. Agnes King, district deputy, and will have for other members additional district deputies. Arrangements for the evening have been made by Mrs. J. J. Mulvaney, district deputy, Y. M. I.; George Frotheroe, Thomas J. O'Brien, Miss Nora Lydon, Miss Teresa Schmitt and Mrs. Edward Heritage. Music for the evening will be furnished by the orchestra of California Council, Y. M. I., Alameda.

Cardona Misses Villa in Three-Day Pursuit

CHIHUAHUA CITY, Mexico, Nov. 9.—Colonel Cardona, commanding a detachment of 800 cavalry, returned to El Sauz, a station a short distance north of Chihuahua City, after a three-day hunt for Villa bands, without encountering any of them. A fugitive from Villa's ranks, reported here that the men who were impressed by the bandit were deserting at every opportunity. Following the news of the junction of General Murguía with Generals Arreola and Maycotte at Escorial, General Trevino said that he expected his campaign against Villa to develop rapidly.

Business College Team to Give Dance

A dance for the benefit of the Head's Business College football team is to be given at the school Saturday evening. The large hall at the sidewalk street and Pablo avenue institution is to be artistically arranged for the dancing couples, the school colors and seasonal greenery combining to form the decorative scheme. Head's staff and friends of the school body members are expected to attend in great numbers. The committee in charge consists of Bart Rhider, Carl Bosworth, Caster Burton, Clifton Hertle and Ray Montagne.

Six Are Hurt in Golden State Wreck

TOPEKA, Kan., Nov. 9.—The Golden State limited was wrecked near here on the Rock Island line when a flange on a wheel snapped off. Six persons were injured. R. L. Taylor, Los Angeles, negro chef, will die.

Q-BAN REVIVES COLOR GLANDS

Darkens Gray Hair Naturally

Q-Ban Hair Color Restorer is no dye, but acts on the roots, making hair and scalp healthy and restoring the color glands of the hair. So if your hair is gray, faded, bleached, prematurely gray, brittle or falling, apply Q-Ban Hair Color Restorer (as directed on bottle) to hair and scalp. In a short time all your gray hair will be restored to an even, delicate, dark shade and entire head of hair will become soft, fluffy, lustrous, thick and of such an even beautiful dark color no one could tell you had applied Q-Ban. Also stops dandruff and falling hair, leaving your hair fascinating and abundant without even a trace of gray. Sold on a money-back guarantee. 50 cents for a big bottle at Normal Pharmacy, Oakland, Cal. Out-of-town folks supplied by mail. Advertisement.

A Single Application Banishes Every Hair

(The Modern Beauty)

Here is how any woman can easily and quickly remove objectionable, hairy growths without possible injury to her skin: Make a paste with some powdered talcum and water, apply to hairy surface and after two or three minutes rub off, wash the skin and the hairs are gone. This is a painless, inexpensive method and, excepting where the growth is unusually thick, a single application is enough. You should, however, be careful to get genuine delectable. Advertisement.

Talking Machine to Help Raising Chickens

PENNY AN, N. Y., Nov. 9.—Village Trustee Edward G. Hopkins, who is also president of the Rose Comb White Poultry Club of America, brings up his young incubator chickens by the use of a talking machine for which he has records which make the machine chuck exactly as a mother hen does when calling her chickens.

He also puts a stuffed hen, which looks just like a live one, in the brooder so that all the chicks have to do to enjoy themselves like chickens raised in the old-fashioned way is to look at the stuffed hen and listen to the chuck of the talking machine.

Before introducing this new scheme Mr. Hopkins lost many incubator chicks by their piling upon each other and he

Mark Twain Didn't Like Boarding in N. Y.

NEW YORK, Nov. 9.—When Mark Twain first came to New York he lodged at a mechanic's boarding-house in Duane street.

Albert Bigelow Paine, his biographer, says he did not like the board. He had been accustomed to the Southern mode of cooking and wrote home complaining that New Yorkers did not have "hot bread" or "biscuits."

His work was in a printing establishment in Cliff street, coming hurt whenever they were frightened. The stuffed hen and the chucking machine are counted as two of the most important aids to Hopkins' success in the poultry business.

Ohio Wild Man Was at Home in Corn Shock

WARREN, Ohio, Nov. 9.—Sheriff Evan Thomas and Deputy P. J. Gillen answered a hurry call to Fowler today where people said a wild man was running at large. Investigation by the officers resulted in the capture of Sam Corusolo.

Corusolo had gone back to nature and was subsisting on corn in a farmer's field. His home was a corn shock. The officers found him dressed in an old shirt, overalls and worn-out shoes.

He had not shaved for several weeks and the corn juice had caked his beard, giving him the appearance of a wild man. Corusolo had nothing to say other than that he was "at home" in the corn field. He was taken to the county jail.

WASHINGTON STREET AT ELEVENTH

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of J. C. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and always fever.

Genuine Castoria always bears the signature of J. C. Fletcher.

"BOMB" IS FOUND AT HAYWARD

Sheriff's Office Seeks Men Who Planted An Infernal Machine Thought to Be a Hoax; Ticker in the Suitcase

Hayward Journal Is Target of Joker or Fiend; Evidence Is Locked Up in County Office While Posse Takes the Trail

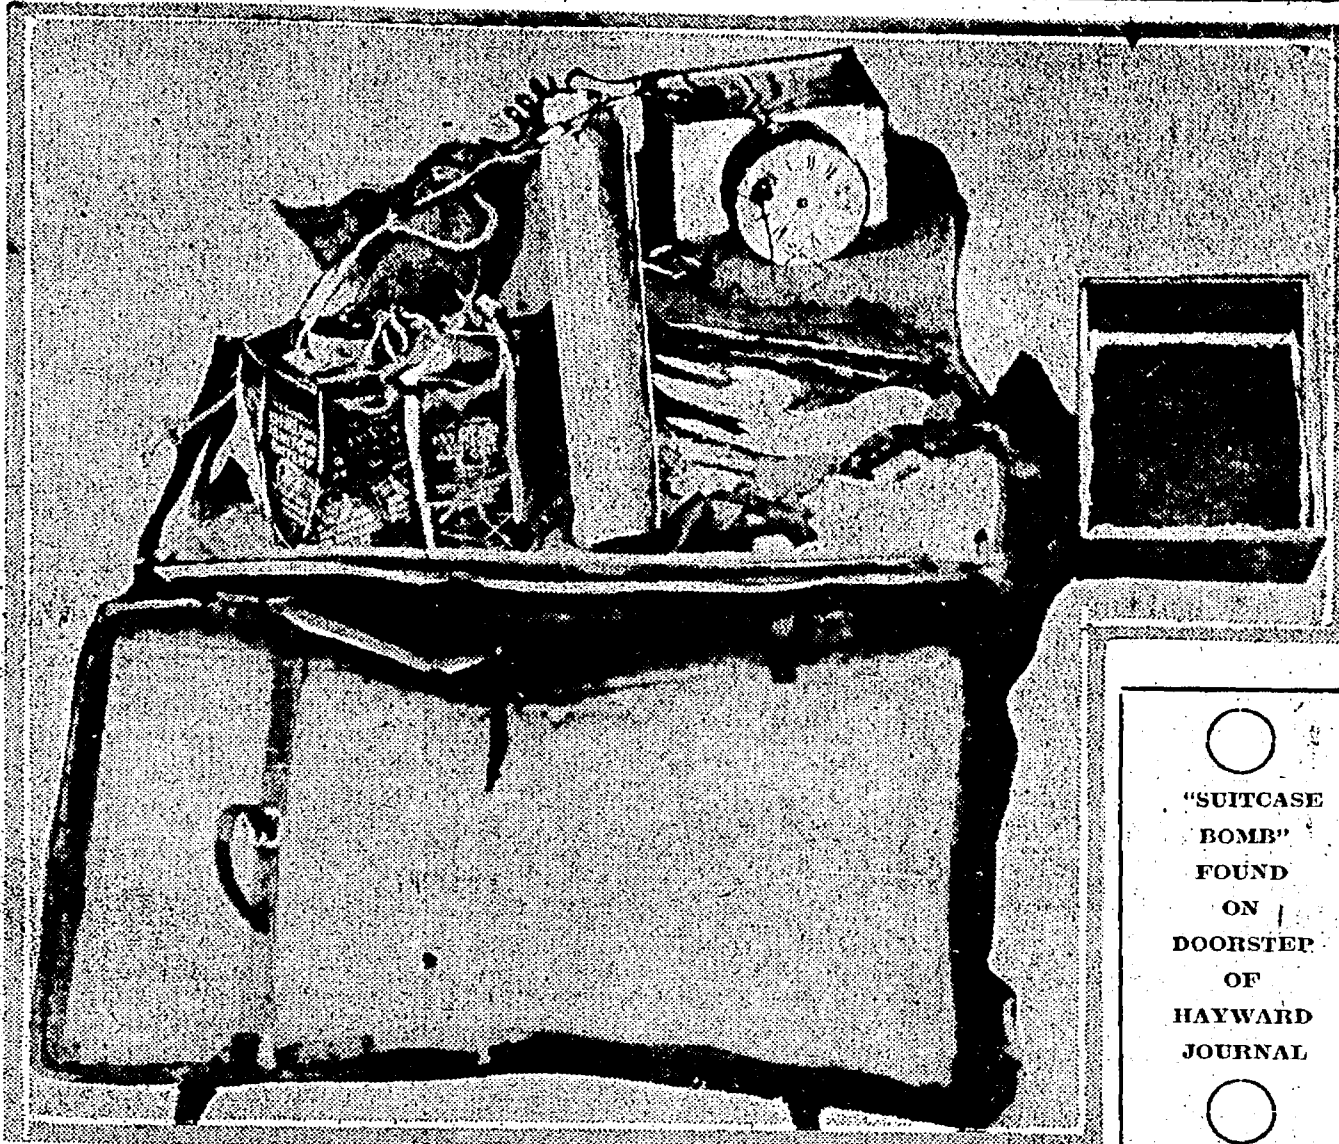

HAYWARD, Nov. 9.—Apparently timed to go off within ten minutes, a "dynamite" bomb, inclosed in a suitcase of a design similar to the one employed in the Market street disaster in San Francisco, with clock-work and fuse attached, was found in the doorway of the Hayward Journal, a local newspaper, at 1:30 o'clock this morning by Night Watchman Fred Schilling. The infernal machine contained a large amount of black substance, declared by the sheriff to be powder, but said by residents of Hayward to have been coal dust. Detectives were put on the case at once and the "bomb" was locked up as evidence, with orders that no one touch it.

At the sheriff's office this afternoon there is some doubt as to the genuineness of the bomb, but none will touch it until the return of the investigating party.

The discovery was made by Schilling as he was patrolling his beat. He noticed the suitcase standing on the step of the Journal office, and in

FIND NO TRACE OF GIRL'S ASSAILANT

Police Search for Man Who Made Attack on Helen Meyers.

Although the police have made a careful search of the city, no trace has been yet found of the man who lured 11-year-old Helen Meyers of 1234 East Eighteenth street, into an empty house at 1841 Thirtieth avenue yesterday and attempted to assault her. Several suspects were arrested, but none of them were recognized by the girl, who described her assailant as a tall man heavily built, young and smooth shaven, wearing a soft hat, dark coat and corduroy trousers.

Helen declares that she was accosted on the street by the stranger, who asked her to come into the house. Believing that he wanted her to go on a errand for her, she complied with his request. When she stepped inside the door, she says that the man asked her to come into the next room and help him look for a bottle. When she refused he seized her by the throat and a struggle followed. Screaming and struggling, the girl bit

Naval Base Commission Delayed Elston Advised of New Program

Congressman J. A. Elston has received a wire from Rear Admiral Helm, head of the commission on naval bases, at Washington, D. C., informing him that the arrival of the commission in the bay cities will be delayed and that the commission will probably not visit the coast until some time early in December. The commission further states that the exact date cannot be fixed at this time.

The commission has also forwarded to Congressman Elston a memorandum setting forth the information required by the commission regarding land offered as a site for naval purposes. The commission suggests that land owners who desire to sell their property to the government furnish the commission with the following information:

A map or chart showing the boundaries of the land offered as a site for naval purposes; its acreage; its topographical features.

Abstract of title or certificate of title.

When she had recovered her strength, her assailant's hands, kicked his shins and tried to free herself from his grasp. He struck her head with such force against the wall, that blood gushed from her mouth and nose. Apparently frightened at the idea that he had seriously injured the girl, the stranger fled from the place.

When she had recovered her strength, Helen staggered from the house, screaming for help. Her father, P. J. Meyers, who has a grocery store at the corner of East Eighteenth street and Thirtieth avenue, saw her and ran to her.

The assailant was not seen by anyone in the neighborhood. The house was the only vacant one in the street and had been unoccupied for a week.

MAN HUNT IS STARTED FOR ROAD AGENTS

Victim Snatched From Stage, Is Made to Walk Seven Miles, After Being Robbed of His Savings of Months

Police Profess to See Connection With Crime of Recent Date Occurring in the Same Way Near Hayward Limits

Posses have been on the search throughout the night and day for two men who held up George Andreas, cook, a passenger in the Stockton-Oakland automobile stage, and then, at the point of revolvers, compelled the driver of the machine to speed away from their victim, who was left standing on a by-path near San Leandro. Andreas walked seven miles to Oakland, where he told the police of the crime and the loss of his \$410 savings.

This is the second hold-up in a week on the Stockton-Oakland line. Last Thursday night Charles Simonds, driver of one of the machines, was robbed and his car driven away from him by one bandit. This hold-up occurred on the Dublin road, near Hayward. The automobile stage was located in Los Angeles, according to a telegram received today by Sheriff Frank Barnett.

The bandits occupied the rear seat of the stage when Andreas embarked for his journey to Stockton at 7 o'clock in the evening. He believed they were of foreign birth, either Greeks or Italians. Nearing San Leandro the strangers commanded the driver to drive off the main road into a series of by-paths, enforcing their demands with two revolvers.

GROCCERS TO COPE WITH NEW PRICES

Foreign Orders Continue to Make Food Scarce; Cost of Living Leaps Daily; Merchants Attempt the Solution

Canned Goods, All Brands of Provisions and Raw Material Take Jump; Market Director Gets Big Foreign Demands

In an attempt to settle the bread and canned food dilemma, which in twenty-four hours has grown acute throughout the length and breadth of California, an important meeting of the Retail Grocers' Association will be held in Berkeley tonight to formulate plans for an ultimate solution of the whole situation. The meeting will be attended by members of the national and state grocers' organizations and a representative of the Master Bakers' Association.

This action follows the sudden rocketing skyward in price yesterday of various brands of canned foodstuffs and the direct appeal for an embargo on wheat, wheat flour, sugar, canned milk and canned tomatoes, sent to Washington by the Retail Grocers' Association of San Francisco and several other concerns from various points of the Pacific coast, as a result of conditions existing in local markets.

MARKET DIRECTOR.

While the action of the members of the various organizations which will meet in Berkeley tonight will not be official in the sense that it will bind the parent organizations, it is understood that their findings will be accepted as a solution of conditions. State Secretary Frank B. Connolly, who is also past president of the national grocers' organization, will address the meeting in an effort to secure some satisfactory agreement between all interests affected. Illumination of the situation from the viewpoint of existing conditions

WOMAN PLAYS HER PART in the NEWS

SAN FRANCISCO, Nov. 8.—One of the best known and best loved Californians, a remaining pioneer woman, Mrs. Charlotte Maria McClatchy, died yesterday in her apartments at the Hotel Plaza. She was 84 years of age.

Mrs. McClatchy was the widow of James McClatchy, founder of the Sacramento Union, and the mother of J. S. and K. McClatchy, the present publishers of that newspaper. She formerly made a specialty of newspaper work, and was a social, charitable and civic movements for many years.

Mrs. McClatchy was born in San Francisco, Brunsdon, Cal. She arrived in Sacramento in 1852, the morning after the great fire of that year.

Mrs. McClatchy was one of the few who had lived in the Plaza with her daughter, Miss Emily McClatchy, who has been her constant companion since the death of her husband. Mrs. McClatchy maintained a clear and very interest in all the topics of the day, and was a constant reader. She read a great deal, following the activities of the politicians and went automobile riding daily. Beside the children mentioned above, she has a son, Mrs. R. A. Macdonald. Two grandsons, J. and James McClatchy, are Captains in the United States Army.

She was on duty along the Mexican border.

MRS. BOISSEVAIN'S FRIENDS ALARMED.

SAN FRANCISCO, Nov. 8.—Mrs. Inez Milholland Boissevain, one of the most prominent and influential suffragists in the United States, who collapsed yesterday morning, is now in a critical condition, reaching before a large crowd in this city a short time ago, lies in a critical condition. Her condition is so serious that two transfusions of blood have been given Mrs. Boissevain, for the purpose of restoring her to a serious condition of anæmia.

The attending physician yesterday morning expressed the hope that this treatment will be successful, and that her transfusion had been accomplished in each case with absolute success. Those who are acquainted with Mrs. Boissevain's sister, Miss Milholland, who came here from the East with her on the ship, are confident that the transfusion of blood in the hope of benefiting her sister.

The blood transfused into the veins of the noted suffragette yesterday was taken from the veins of her husband, who is recovering from the operation.

Mrs. Boissevain, the confidant to be with her, is now in a serious condition, and her health occurred during her public speaking here.

Her husband has had continued fainting and fainting attacks since she has been in the hospital, and while her condition is so serious, it is probable that the blood transfusions would enable her to overcome the anæmic condition. Friends are alarmed over her condition.

GOOD LATHER, POOR NOVELIST SHE SAYS.

SAN FRANCISCO, Nov. 8.—Frank R. McFarland, a successful lawyer by occupation, but an unsuccessful novelist by

Mr. Henson charges her husband with neglecting her and neglecting his business in order to devote his time to writing "what claims to be a novel or book of some kind," and says that Mrs. Henson's husband is an "unintelligent, illiterate, careless and worthless jumble of words."

The complaint sets forth that when Mrs. Henson was admitted to the hospital, she asks the Court to fix a reasonable sum as alimony.

MAGDALE WARDEN HUNTER;
vs.
EDWARD HARRINGTON.

SAN FRANCISCO, Nov. 9.—Hunting is one of the duties of a game warden, according to the laws of the State. The United States Accident Commission is making an award of \$1970 in the form of a death benefit to Mrs. Ruth Harrington of Seattle, Wash., widow of Edward Harrington, a game warden, who was killed while hunting her husband, Sidney M. Harrington. The Commission in making the award also awards \$1000 to Mrs. Harrington for the loss of one of the exempted classes under the law.

Harrington was killed last August on the property of the O. L. Shafter Estate Company, when he was mistaken for a poacher and shot by a guard.

According to the evidence Harrington was

GIRL LOSES LIFE
ON AUTO TRUCK
CHICAGO, Nov. 9.—Mildred Becker, 17, of Chicago 31st street, was killed when she was run over and jumped from the rear of an automobile truck at Jonsen avenue and Grace street. The truck was driven by George B. Gutzog, 29 years of age. He said it did not hit the girl. The driver of the truck, however, and he learned of the accident after the pedestrian had seen her drop from the truck.

MRS. HAAS' ESTATE
GOES TO CHILDREN.
SAN FRANCISCO, Nov. 9.—The will of Mrs. Amella Haas, which distributes her \$50,000 estate equally among her five children, was admitted to probate yesterday with a petition for letters testamentary, by her son, George W. Haas, who is named as executor.

German Consular Agent at the
Same Place Rumored Held
for Ransom or Killed by
Insurrectos in Santa Rosalia

EL PASO, Tex., Nov. 9.—A for-
eigner from Parral reaching Juarez
last night brought news of the safety
of the ten Americans at Parral. He
stated that the Americans remained
in the town, ready for flight, but the
Villista bandits entered only the out-
skirts of the town after it was aban-
doned by Mexican de facto forces.

A report was received here late last
night from Chihuahua City that Ed-
gar Koch, German consular agent at
Parral, either was killed or was be-
ing held for ransom by Villa bandits
in the vicinity of Santa Rosalia.

Koch is believed to have started
from Parral with the \$50,000 worth
of silver bars for an American mining
company, which is reported to have
been taken from him at Santa Rosalia
by Villa bandits, and a later report
says Koch had been executed.

Unconfirmed reports of a battle be-
tween the Villa bandits and the re-
organized Carranza troops at Dorado,
Chihuahua, between Parral and
Jimenez, Friday and Saturday, have
been received here by United States
Government agents and by Carranza
officials.

Welsh Killed by Bomb,
Noted for Attainment

KANSAS CITY, Mo., Nov. 9.—Naval
Lieutenant Luther Welsh, who with
Lieut. C. K. Brown was killed yes-
terday at Indian Head, Maryland,
when an aerial bomb shattered the
airplane in which they were making
a test of the explosive, received his
appointment from Kansas City in
1906.

His fight for the appointment at-
tracted wide notice at the time, as he
found himself two inches under height
in his physical examination after
passing a brilliant scholastic test.
Young Welsh placed himself under a
physical instructor and by exercises
and weights increased his height to
the minimum requirement in the
allotted time.

Lieutenant Welsh was to have been
married on November 23 to a young
woman living in Boston, relatives here
declared. His mother was in Indian
Head at the time of the accident.

Notables From All Lodges to Gather
at Grand Ball.

Much interest is being manifested in
Eastern Star circles as the evening draws
near when the Eastern Star grand ball will
take place in the ivory ballroom of the
Hotel Oakland.

On Saturday evening, November 18,
under the auspices of the 1916 East Bay
Patrons' Association, Masonic society will
be ushered into one of the smartest
events of the season. A special event
will be in the grand march led by the
worthy matrons, worthy patrons and
grand officers, who are acting as pa-
trons and patronesses, in the formation
of the various Masonic emblems.

The 1916 East Bay Patrons' Association
is composed of all the worthy patrons
of the chapters in the east bay region,
numbering 18 in all, and is organized to
promote better fellowship, become better
acquainted with sister chapters and fur-
ther the interests of the order in general.
The officers are:

Arthur H. Ziegler, president; Arthur
T. Biddle, vice-president; William H.
Dunn, secretary-treasurer.
Charity forms a very important part
of the Eastern Star, and the proceeds
from this grand ball will be turned over
to the Matrons' Association.

Box Factory Fire
Loss Is \$200,000

SAN FRANCISCO, Nov. 9.—Dam-
age to the extent of \$200,000 was sus-
tained by the Pacific box factory, oc-
cupying the block surrounded by
North Point, Beach, Taylor and Mac-
donough streets, when the main building
of the concern was gutted by a fire of
unknown origin. The plant was a
two-story corrugated iron structure,
containing valuable machinery and
much finished material, which was
destroyed by the flames. W. G. Hy-
man of San Mateo is president of the
corporation. Jacob Gott, watch-
man, fought the flames with a single
hose on the factory's interior after
breaking the glass in three alarm
boxes without pulling the necessary
lever.

A Piano in Every Home

It Pays to Buy a
Good Piano

Unreasonably low prices and cheap inducements
should not influence the Piano buyer. As long as the
buyer does not possess expert knowledge of piano mak-
ing, his satisfaction lies in the recommendation by a
REPUTABLE HOUSE—one which will not mis-
represent and which does not carry "trash"—a HOUSE
which tells the truth, and really believes in selling
good pianos, pricing them consistently.

We carry all grades of Pianos from \$250 upward—
but only makes in which we have confidence and
which we can recommend.

From \$250 to \$325—we carry several makes, such as
the ALDRICH and STROUD, which are positively
the best Pianos manufactured to sell at these prices—
the lowest prices at which good, dependable
new Pianos can be sold. If you do not care to
expend \$250, it is far better to buy a "used" or "second-
hand" Piano of good make—we usually have good
"used" instruments from \$100 up.

From \$350 to \$450—we carry such makes as the
KURTZMANN, ESTEY and KRAKAUER, which
are held in high esteem in thousands of homes.

From \$525 upward—we offer several famous makes
of superior musical worth, including the A. B. CHASE
and WEBER.

And, finally, the STEINWAY—the world Stand-
ard, by which all Pianos are judged—from \$575 up.
The purchase of a STEINWAY is the purchase of the
BEST, and closes the avenue to future regret.

Moderate payment terms on any Piano, even the
STEINWAY.
